ALL COUNTY INFORMATION NOTICE NO. XX-XX

TO: ALL COUNTY WELFARE DIRECTORS
ALL COUNTY CHILD WELFARE PROGRAM MANAGERS
ALL COUNTY CHIEF PROBATION OFFICERS
ALL FOSTER FAMILY AGENCY DIRECTORS
ALL CDSS ADOPTION DISTRICT OFFICES

SUBJECT: MONTHLY CASEWORKER VISITS WITH CHILDREN

REFERENCE: WELFARE AND INSTITUTIONS CODE (W&IC) SECTION 16501.1(k), SENATE BILL (SB) 703 (Chapter 583, Statutes of 2007);ASSEMBLY BILL (AB) 118 (Chapter 40, Statutes of 2011); PUBLIC LAW (PL) 112-34 AND 109-288: GOVERNMENT CODE SECTION 30026.5(e)(3); ALL COUNTY INFORMATION NOTICES (ACIN) I-43-11 AND I-34-07; ALL COUNTY LETTER (ACL) 09-11, 10-19, 11-18, 13-13 AND 14- 50; COUNTY FISCAL LEFTTER (CFL) 08/0937; 10/11-04, AND 10/11-46

The purpose of this ACIN is to remind the county child welfare and probations departments the federal requirements contained in the Child and Family Services Improvement Act (the Act) of 2006 [Public Law (PL) 109-288 and 112-34] and implemented via SB 703 (Chapter 583, Statutes of 2007) about caseworker visits with children.

CDSS regulations state each foster care child with a case plan under the jurisdiction of the juvenile court be visited on a monthly basis. This ACIN specifically references the revised federal requirements for monthly caseworker visits requiring States take necessary steps to ensure that the total number of monthly caseworker visits to a child in foster care during a fiscal year is at least 95 percent for Federal Fiscal Year (FFY) 2015 and thereafter of the total number of such visits that would occur during the year if each child were visited once a month while in care. Additionally, this ACIN will update counties on the State's performance rates on this measure and review the penalties

associated with this mandate by the reduction of the State's Title IV-B funding if goals are not met.

Background

In passing the Act, it was noted that there was a strong correlation between frequent caseworker visits with foster children and positive outcomes for these children, such as timely achievement of permanency and other indicators of child welfare. The Act appropriated nationwide, $40 million of Promoting Safe and Stable Families program resources to support monthly visits with children who are in foster care under the responsibility of the state.

Federal Requirements

The Act requires that California's Title IV-B State Plan describe the frequency of caseworker visits with children in foster care which at a minimum ensures that children are visited on at least a monthly basis. The Act also established enforcement standards and penalties for non-compliance. By FFY 2011, at least 90 percent, and by **FFY 2015 at least 95 percent** of children in foster care under the jurisdiction of the court must be visited each month the child is in foster care and a majority of these visits must occur in the child's home.

State Performance Progress

California has made significant progress in its goal to meet the federal monthly caseworker visits requirements of visits occurring each and every month. Under the Act, the state is required to ensure, by October 1, 2015, that at least 95 percent of children in foster care visited by their caseworkers each and every month.

Children in Foster Care Who Were Visited on a Monthly Basis (PL 109-288 Measure):

Description of Goals	FFY 2011 Performance	FFY 2012 Performance	FFY 2013 Performance	FFY 2014 Performance
Children in FC who were visited on a monthly basis	73.8%	88.2%	90.84%	Currently 91.7% Must be 95% for FFY 2015
Visits that took place in the residence of the foster child	74.9%	76.16%	77.27%	79.13%

Penalties

The fiscal penalties for failing to meet the minimum standards show below. In addition to not meeting the 95 percent requirement, the penalties will also be applied for not meeting the standard of "at least 50%" of visits occurring in the residence of the child. States failing to meet the performance requirements in any FFY will be subject to a reduction in the rate of Federal Financial Participation (FFP) for title IV-B, Subpart 1 with a corresponding increase in the non-federal share in the subsequent FFY. With Child Welfare Services Realignment of 2011 these penalties may directly impact the county. Please see County Fiscal Letter No. 11/12-18 for further information on the possible fiscal impact to the counties.

If the State falls short of the target percentage by:	The FFP rate reduction of the Title IV-B, Subpart 1 will be reduced by:
Less than 10%	1%
10% or more but less than 20%	3%
20% or more	5%

Regarding future penalties, Government Code section 30026.5(e)(3) provides that any monetary penalty that results from an administrative mandate is shared equally between the counties and the state. However, if the state determines that counties failed to perform the mandated requirement, counties could pay 100 percent of the penalty. It is conceivable that counties could pay a monetary penalty of either 50 percent or 100 percent for not complying with the federal caseworker visits with children requirements.

If you have any questions or need additional information about monthly caseworker visits, please contact the Permanency Policy Bureau at (916) 657-1858 or e-mail to ConcurrentPlanningPolicyUnit@dss.ca.gov.

Sincerely,

GREGORY E. ROSE
Deputy Director
Children and Family Services Division
