News and Updates from the Fresno State OLLI

Fall OLLI Online

We are proud to offer you a fall semester filled with interesting online lectures, courses and tours!

The catalog is posted online now (click [HERE](#)) and you'll find many of your favorite instructors and welcome some new instructors, too. We're so grateful to all our instructors for their willingness to teach online.

A printed version of the catalog should arrive in your mailbox soon! Please use our [new online registration system](#). Members who used it in summer found that it was quick and easy to use! This system is paperless, and you can create a profile, select courses and pay with a card. When you return to the system again, all you have to do is log-in and select your courses!

About Paper Registration

You may register by mail; **however, expect significant delays**. Due to campus operations impacted by COVID-19, we only receive mail once a week. You CANNOT visit campus to drop-off registration forms – our offices are CLOSED. We cannot accept any registrations by phone.

We Need Your Help

If you've already registered online, **THANK YOU!**

Even if you are not interested in online learning or in our summer offerings, **please share our catalog with friends**. With online learning, folks can live anywhere and participate!

Promote us on Facebook. Our page is:

Many members have told us they prefer in-person courses and won't return until we offer those. OLLI is self-supporting and if we lose lots of members, we may not be able to offer as many courses. Helping promote your OLLI helps lots!

THANK
YOU

ZOOM Info!

Zoom is a great platform to video conference, video chat and video learn and it's what we will use for our OLLI offerings.

It takes just a minute to get a FREE Zoom account. Please do not be intimidated: **You can learn anything!**

From your desktop or laptop computer:
Go to www.zoom.us and click the blue box that says "sign up".

NOTE: You do not need to upgrade or pay for your account to participate in the OLLI Zoom. Our license is through the university and allows you to participate fully. If you decide to host your own Zoom meetings with family, friends or interest groups, you may wish to upgrade someday - but there is no need to for OLLI.

From your phone or tablet:

Apple device (iPhone, iPad) download Zoom from the Apple App store
Android device (phone or tablet that's not an Apple product) download Zoom from the Google Play Store

To get started, here is a great video you can watch on YouTube. Click [HERE](#) to view.

To participate in live video, Zoom will use the camera on your device (phone, laptop, tablet) if it has one. If you do not have a camera on your device, you can listen in by phone but others won't be able to see you.
