

Course Site

In the Course List, click on a Course you are teaching. Each **new** course opens to a course **Announcements** page.

The screenshot shows the Blackboard interface for a course site. The page title is "Announcements" and it displays "No Announcements found." The interface includes a top navigation bar with "My Blackboard", "Content Collection", "System Admin", and "DEVEL SERVER". A left sidebar contains a "Course Menu" with items like "Faculty Information", "Announcements", "Syllabus", "Course Documents", "Tools", "Help", and "Home Page". A "Control Panel" is also visible under "COURSE MANAGEMENT". Annotations with red arrows point to various elements: "Course to Course Navigation" points to the top navigation bar; "Action Bars appear when pointed to" points to the "Create Announcement" button; "Change Course Theme" points to the "Edit Mode" toggle; "Edit Mode" points to the "ON" button; "Indicates link is hidden from students" points to a lock icon on the "Faculty Information" link; "Course Menu" points to the sidebar; and "Control Panel" points to the "Control Panel" link in the sidebar.
