

Development Course Request

Official Blackboard course shells are automatically generated for all courses six weeks before a semester begins. Fill out the following form if you would like a development course shell to begin building your course before the official shell is generated.

Note: You will need to copy course content from your development course shell into your official course once created.

Your information

Name: _____

College/School: _____

Department: _____

Fresno State Email Address: _____

Please enter the following information as it appears in the Schedule of Courses for the course you are developing

Class Number (ie: MATH75): _____
