

Commencement Traffic Alert

University Police Department is alerting anyone who plans to travel Freeway 168 from the north to reach campus for the **May 21** Commencement at the Save Mart Center, that they should use an alternate route.

Westbound lanes of Freeway 168 from Shepherd Avenue to McKinley Avenue will be closed 7-10 a.m. May 21 to accommodate bicyclists competing in the California Classic Weekend. Eastbound lanes of Freeway 168 (for Commencement visitors, students, staff and faculty approaching from the south) will remain open.

Willow, Chestnut and Cedar avenues are possible alternate southbound routes to campus.

UPD advises that some traffic delays may occur on and near campus as motorists arrive and find parking for the Centennial Commencement, which begins at 9:30 a.m. There could also be delays as people depart the event.

Parking that day will be free in all campus lots, including Save Mart Center lots.

Questions should be directed to Fresno State Parking Administrator Amy Armstrong: [278-6709](tel:278-6709) or amarmstrong@csufresno.edu.
