MEMORANDUM

DATE: November 21, 2011

TO: Faculty
Department of Public Health
MH 30

FROM: William A. Covino 
Provost and Vice President for Academic Affairs

SUBJECT: Approval of your Department Policy on Peer Evaluations
and Student Course Evaluations (RE: APM 322)

I have received and reviewed your departmental documents, and they are approved for implementation during the remainder of AY11-12.

I fully understand that the statistical standard chosen for student ratings is provisional, and may require further adjustment once we have obtained a sufficient amount of comparison data. However, the mean you have selected seems a reasonable initial benchmark.

I also want to reiterate my commitment to our Academic Senate's stated beliefs that student feedback is best viewed from a multi-year perspective, and considered within the larger context of all evidence presented in support of a colleague's teaching effectiveness.

**DEPARTMENT OF PUBLIC HEALTH
POLICY ON ASSESSMENT OF TEACHING EFFECTIVENESS**

APM 322 is the official policy on the Assessment of Teaching Effectiveness. This Departmental policy is designed to further define requirements at the Departmental level as specified in APM 322.

STUDENT RATINGS OF INSTRUCTION

While the IDEA Short Form will be the standard paper instrument for the campus, faculty may elect to use either the Diagnostic Form or Online version.

Student ratings of instruction shall be assessed to identify patterns and trends of teaching performance and effectiveness. It is expected that the faculty member shall meet or exceed the department standard of 3.5 out of 5 using adjusted or unadjusted scores, whichever are higher, on a regular basis; however, it is more important to evaluate on the basis of multi-year trends rather than focusing on a single course or narrow time frame.

1. Minimum Frequency

- a. For full-time and part-time temporary faculty, each section, each semester.
- b. For probationary and part-time faculty, each section, each semester.
- c. For tenured faculty, **two** sections each academic year, on a rotating basis such that during a five year period the maximum number of different courses is evaluated.

PEER EVALUATIONS

1. Minimum Frequency

- a. For part-time temporary faculty, the first time a course is taught by the instructor and, thereafter, at least one section every other year of employment regardless of a break in service.
- b. For full-time temporary faculty, each section, each semester
- c. For probationary faculty, each section, each semester.
- d. For tenured faculty, one section each academic year, on a rotating basis such that during a five year period the maximum number of different courses is evaluated.

2. Faculty will use the attached Departmentally approved form to evaluate Course Content, Instructional Design, Instructional Delivery and Assessment methods.

3. Notification: At the discretion of the evaluator the evaluatee can be notified in advance of the classroom visit but it is not required.

OVERALL

The Department will follow the guidelines in APM 325, APM 327 and APM 328 when electing committees selected to prepare the overall evaluation of teaching.

APPROVAL PROCESS

This Departmental policy will be submitted to the Dean of Health and Human Services and to the Provost for review and approval.
