Helpful Hints

HELPFUL HINTS

⊘ **READ THE APPLICATION INSTRUCTIONS!!** —It is critical that you read all the application instructions. Take special note of how you can resend an email request for your high school official transcript to your counselor or registrar if you do not get a response. You can always view the status of your request. If you choose to send a request to another counselor/registrar, it will swap out the previous one. Do not request community college unofficial transcripts through this means as it will override your previous submission and you will end up submitting your application with an unofficial community college transcript instead of the required high school official transcript. Request any community college transcripts in advance and include them with your application package.
