

Faraday Future's FF91: A 1000 HP Electric Crossover vehicle to be made in Hanford, CA

South San Joaquin Valley Industrial Summit

A Growth Platform for Industries — Working Better! Together

Mark your calendars and join us on a day celebrating the South Valley's thriving and growing business community!

Join us on Thursday, October 26 for the inaugural South Valley Industrial Summit! The event will highlight industry needs in Tulare, Kings and part of Kern County, ranging from manufacturing to logistics services and agriculture. Our purpose is to provide a platform to build industry-led, community-supported partnerships to strengthen regional economies in the South San Joaquin Valley. The full-day event will feature vendor booths, keynote speakers from industry figureheads, and various workshops.

[Sponsorship opportunities are available!](#)
