E-mail: segunjemiyo@csufresno.edu
Catalog pg. #

Use this form if your course is: (please select the box below that best describes your course)

X (a) new (never has been taught before)

(b) conversion (break-out of a "topics" course as a new course)

(c) significant change to an existing course

(d) other

NOTE: If the changes you make on this form are different from what you submitted on your mock-ups to catalog, then you must revise your mock-ups and resubmit them to the catalog office.

If you wish to delete or make minor revisions to an existing graduate course, use the "Graduate Course Change or Deletion" form (GRADCHG.ITP on Informed Filler).

1. NEW COURSE:

Prefix Catalog Long Course
Subject Geog Number 202 Title Land Use Regulation, Law & Ethics Units Max/Total 3

Land Use Law

Short Title (16 spaces maximum) for Printing Grading Basis (Letter, CR/NC, RP, Mixed)

Course Classification (C/S/#) 02 (online)

Note: If the proposed course has been offered previously as a topics course or is the expansion of an existing course, complete the following for the previous course:

Prefix Catalog Long Course
Subject Number Title Units Max/Total

Catalog Description of New Course: (40 words only, excluding prerequisite, lecture-lab hours)

This course will examine the development and application of the jurisdictions' "Police Powers" to implement land development plans and policies. Historical and contemporary case studies will be examined. Topics include general plan, zoning, subdivisions, nuisance control, and growth management strategies.
2. NEW COURSE QUESTIONS:
   (Each item must be addressed; attach additional sheet(s) as needed.)
   A. How frequently is the new course expected to be offered? once/year
   B. What is the expected enrollment? 20
   C. What is/are the mode(s) of course delivery (e.g., lecture, seminar, supervision, distance learning)? Please see the attached "Definitions of Graduate Level Instruction in the CSU."
      online
   D. Identify all new resources (special facilities, library resources, technical assistance, etc.) needed to institute the course.
      none
   E. Is this course required or elective? required
   F. Is there another course(s) covering similar subject matter:
      • within your department? No ☑ Yes ☐ (if yes, complete section 4)
      • at California State University, Fresno? No ☑ Yes ☐ (if yes, complete section 4)
   G. Has this course been previously offered as a topics course? Yes ☐ No ☑ If yes, how many times?
   H. Justification for New Course: (Please attach an explanation detailing the need for this new course.)

3. Please attach a course outline/syllabus that:
   • Follows the guidelines stated in the "Policy on Course Syllabi and Grading" (June 1997) as published in the Academic Policy Manual (pg. 241-1, 241-2, 241-3).
   • Illustrates how the course meets the criteria described in "Definitions of Graduate Level Instruction in the CSU" (see attached).

NOTE: Proposed Topics (T) courses should include a sample course outline/syllabus that follows the above guidelines and includes criteria by which the department will select future topics courses.
4. CONSULTING SIGNATURES (if required)

In an effort to avoid course duplication and misunderstandings, signatures must obtained from those departments potentially affected by proposed changes.

I have read the new graduate course proposal and support the offering of this course.

Rev. 12/11
CHECKLIST FOR A COURSE SYLLABUS

Syllabus includes:

☐ Catalog description
☐ Contact information for academic department
☑ Contact information for the instructor including office hours
☑ Textbook information
☑ Outcomes or learning objectives (based on Bloom's Taxonomy)
☑ Course policies and procedures
☑ Attendance policies and student study expectations
☑ Course grading policies
☑ Required syllabus policy statements
☑ Complete course schedule
☐ Email protocol
☑ Discussion board policies including frequency, content and netiquette, if applicable.
☐ A statement regarding SafeAssign, if applicable

Syllabus clearly reflects delivery mode:

☑ online
☐ multi-mode/hybrid
☐ face-to-face

Syllabus is in an accessible format including:

☐ Appropriate Headings used
☐ Alternative Text on all images
☐ Tables 'Repeat Header Rows'
☐ Tables replace Tabs

The Technology Innovations for Learning and Teaching (TILT) department has reviewed the syllabus for the following course and found that it meets the qualifications for an accessible document and aligns with the above checklist.

Course Name & Number: GEOG 202 Land Use Regulation, Law and Ethics
Instructor: Keith Woodcock
TILT - Name: Signature: Date: 2/19/14

Syllabus Policy: http://www.csufresno.edu/academics/policies_forms/instruction/syllabus.shtml
Academic Integrity: http://www.csufresno.edu/academicintegrity/instructors/index.shtml
Honor Code: http://www.csufresno.edu/studentaffairs/general/univhonor.shtml

Additional Comments:

Document is not structured for accessibility, old urls - use new template. Delete Digital Campus. Include turnaround time for email.
Proposal to Change Mode of Instruction to Online for Multi-mode (Hybrid) and Web-Based Courses

Date: 10/14/13

Department: Geography  Subject and Catalog Number: Geog 202

Does this proposal apply to a particular Faculty Member: yes  X  no

If yes, please provide Faculty Member Name: Keith Woodcock

Check appropriate structure:  X  Web-based  □  Multi-mode

If regular class meetings are held (classroom hours greater than zero), the course is defined as “multi-mode.” If no classroom hours exist other than orientation and exams, the course is defined as “web-based.”

Requested reduction in classroom hours: From: _____ hrs/wk  To: _____ hrs/wk

Please be aware that, in consultation with your department chair, your classroom is likely to be reassigned to another course during hour(s) it is not in use.

Attach the course syllabus and indicate how the course will be structured to ensure that the expected student learning outcomes and student workload are equivalent to those for face-to-face instruction. Use additional pages as needed. A syllabus in compliance with APM 241 will generally suffice with brief explanatory comments regarding outcomes and workload.

Plans for offering course in this format: 1 sections per semester.

The final examination / culminating experience will be given

[ ] In class at the scheduled time

[ ] Online

Catalog Description of the Course
This course will examine the development and application of the jurisdiction’s “Police Powers to implement land development plans and policies. Historical and contemporary case studies will be examined. Topics include general plan, zoning, subdivisions, nuisance control, and growth management strategies.

Course Objectives:

1. Explore the basic political, legal and socio-economic context and major issues that both allow and limit land use planning activities in the US and California
2. Acquaint students with land use laws and controls at the federal, state, and local levels
3. Apprise the major urban growth management tools
4. Increase student’s knowledge of land development analysis, process and regulation
5. Advance student’s skills for site planning, urban design, and urban renewal and revitalization
6. Evaluate land development impacts on the environment
7. Examine the ethical issues related to planning regulations and professional planning practice
Course Organization
The course objectives will be pursued through the assigned chapters, lectures, videos, discussion boards and online assignments. All instructions on how to prepare and send documents will be on Blackboard.

Primary Learning Outcomes:
At the end of this course, it is expected the student will be able to:
1. Articulate the important land use practices and control strategies from a local, state, and federal perspective
2. Explain the context with which land use laws and controls are used
3. Discuss the challenges in regulating land use to improve the built and natural environment

Prerequisites
None

Required Textbooks and Materials
Curtin’s California Land Use and Planning Law, Solano Press ISBN: 978-1-938166-07-5; Copyright (c) 2014. (Referred to as CLUPL in this Syllabus)

Books may be purchased through Solano Press (www.solano.com). Price listed as of October 2014 was $95.00 plus shipping and handling. A Kindle version of the book was priced at $47.00.

The course lecture and additional/accompanying materials for each class will be posted on Blackboard. You will need a valid email account. If you don’t have one, Internet accounts are available for a fee through unWired Broadband (https://www.unwiredbb.com/).

Assignments
There will be three Assignments.

All assignments must include a list of references cited. It is expected that concepts from both lectures and readings will be applied, critiqued, and integrated into the assignments. The Grading Rubrics used for the assignments follow the section on Grading. In summary, I will look for good grammar, organization of thought and reason, complete sentences and paragraphs, and following the format I have provided. My recommendation is to read the written assignments to another person to see how it flows, prior to submitting it to me.

Assignment #1: Zoning Ordinance Review (Assigned in Week 3, DUE in Week 5)

This assignment involves the review of a local jurisdiction’s zoning ordinance. How is it organized? What does it cover? How does the zoning ordinance relate to the General Plan (i.e., compare the General Plan map to the Zoning map). Are there any discrepancies? Think about how the zoning ordinance is used at the ‘front counter’. Write a summary of your review. Summaries are to be two to three pages in length (no longer than three pages) with one inch margins top, bottom and sides, double spaced and in 12 pt. Times New Roman. No cover page or fancy folder.
Assignment #2: Review of a Development Project (Assigned in Week 7, DUE in Week 11)

Examine a Planning Project (for example: Conditional Use Permit, Variance, Subdivision Map or Parcel Map, Planned Unit Development, Zoning Amendment, etc.). Take notes as to the process followed, what was required to be submitted, etc. Examine any review comments on the proposal. Who was the project routed to? What were the issues? Read the Staff Report and its recommendations. How was the review comments handled in the staff report? How did the staff report deal with any findings that may have been necessary?

Write a short paper about the project and the above topics. Was the decision by the Planning Commission/City Council supportive of the Staff’s recommendation? If there was a resolution adopted, how was it organized?

The paper is to be two to three pages in length (no longer than three pages) with one inch margins top, bottom and sides, double spaced and in 12 pt. Times New Roman. No cover page or fancy folder.

Assignment #3: Land Use Regulation Paper (Assigned in Week 12, DUE in Week 16)

You are a Planner for either a county or city. You are asked by the Board/Council to research a topic and present your recommendations back to them. The topics to research will be assigned later in the course. Potential examples include: Strategies to comply with AB 32/SB375; How do we incorporate policies that promote active living and healthy eating into our plans?; Complete Streets; Using round-a-bouts; and many more.

The Paper is expected to be no less than 2,000 words and no more than 3,000 words in length. Include at least two graphics that illustrate your topic.

Similar to Assignment #2, one inch margins top, bottom and sides, double spaced and in 12 pt. Times New Roman. No cover page or fancy folder.

Quizzes
There will be a weekly quiz based on the previous weeks lecture and the required readings of the week. I will post on Blackboard “Discussion Questions” that will be based on the readings and the previous lecture. The weekly quiz will be drawn from the discussion questions. The quizzes will be 10 to 15 questions in length.

Discussion Board
Although this course is online, the Discussion Board on Blackboard will be used so that students can interact. I expect that students will contribute to the course by posting questions, comments, thoughts, ideas, etc. on Blackboard. I will also post a Question of the Week. No flaming or other abuses will be allowed. Civility is the order of the day.

Final Exam
There will be a final exam of 100 questions that will be drawn from the previous weekly quizzes (no new questions)
Attendance
I will be monitoring log-ins to Blackboard. This is how I will keep track of attendance. If you are not able to make an assignment, you need to email me. I will do my best to make alternative arrangements. Remember, each class covers a full week of work. If you miss a quiz for an excused absence, a make-up quiz maybe scheduled. Late submittal of materials will result in a deduction of 10 percent per day.

Grading
The total number of points will be based on 1,000 points as follows:

<table>
<thead>
<tr>
<th>Topic</th>
<th>Points</th>
<th>Comment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Attendance</td>
<td>50 points</td>
<td>This will be measured by tracking your log-ins</td>
</tr>
<tr>
<td>Participation</td>
<td>50 points</td>
<td>This will be measured by tracking the number of posts to the discussion board</td>
</tr>
<tr>
<td>Weekly Quiz</td>
<td>225 points (total of 15 quizzes at 15 points per quiz)</td>
<td>I will drop the lowest quiz.</td>
</tr>
<tr>
<td>Assignment #1</td>
<td>75 points</td>
<td>Based on the Rubric, an A = 75 points, B= 60 points, C=52 points, D/F= 40 points</td>
</tr>
<tr>
<td>Assignment #2</td>
<td>100 points</td>
<td>Based on the Rubric, an A=100 points, B=80 points, C=70 points, D/F = 50 points</td>
</tr>
<tr>
<td>Assignment #3</td>
<td>350 points</td>
<td>Based on the Rubric, an A=350 points, B=280 points, C=245 points, D/F=175 points</td>
</tr>
<tr>
<td>Final Exam</td>
<td>150 points</td>
<td></td>
</tr>
<tr>
<td>Total Points</td>
<td>1,000 points</td>
<td></td>
</tr>
</tbody>
</table>

Grades will be assigned as follows
A
B
C
D
F
Below 599 points

Grading Rubric for Writing Assignments

<table>

</thead>
<tbody>
<tr>
<td></td>
<td>Clearly presents a main idea and supports it throughout the paper.</td>
<td>There is a main idea supported throughout most of the paper.</td>
<td>Vague sense of a main idea, weakly supported throughout the paper.</td>
<td>No main idea</td>
</tr>
</tbody>
</table>

Geography 202 Page 4
<table>
<thead>
<tr>
<th>Organization:</th>
<th>Well-planned and well-thought out. Includes title, introduction, statement of main idea, transitions and conclusion. Paragraphs have clear ideas and have smooth transitions</th>
<th>Good overall organization includes the main organizational tools. Most paragraphs have clear ideas and some transitions.</th>
<th>There is a sense of organization, although some of the organizational tools are used weakly or missing. Paragraphs may be missing clarity and transitions are weak</th>
<th>No sense of organization. Paragraphs lack clear ideas</th>
</tr>
</thead>
<tbody>
<tr>
<td>Research (if assignment includes a research component – Assignment 3)</td>
<td>Use of more than five sources with a good mix between journals, texts, and internet. The sources are exceptionally well-integrated and they support claims argued in the paper very effectively. Quotations and Works Cited conform to Chicago style sheet.</td>
<td>Use of four sources having a good mix and are well integrated and support the paper’s claims. There may be occasional errors, but the sources and Works Cited conform to the Chicago style sheet.</td>
<td>Use of three sources leaning too much toward internet sources. Sources support some claims made in the paper, but might not be integrated well within the paper’s argument. There may be a few errors in the Chicago style.</td>
<td>The paper does not use adequate research or if it does, the sources are not integrated well. They are not cited correctly, nor listed correctly on the Works Cited page.</td>
</tr>
<tr>
<td>Grammar &amp; Mechanics</td>
<td>Excellent grammar, spelling, syntax and punctuation.</td>
<td>A few errors in grammar, spelling, syntax and punctuation, but not many.</td>
<td>Shows a pattern of errors in spelling, grammar, syntax and/or punctuation. Could also be a sign of lack of proof-reading?</td>
<td>Continuous errors</td>
</tr>
</tbody>
</table>

Because this is an electronic course, all exams, including the final exam will be online.

I (Incomplete) – Only under extenuating circumstances (e.g., military assignment, jury duty, major illness with doctor’s note) would an “I” grad be awarded. Under such circumstances student must meet the requirements (more than two-thirds of the course work completed and has a passing grade) and must inform the instructor in writing before the last day of instruction. Failing to do so will result in a “UW” or “F” Grade.

UW (Unauthorized Withdrawal) – This is assigned when a student just disappears from the course without withdrawing officially.
Study Expectations
It is usually expected that students will spend approximately two (2) hours of study time outside of class for every one hour in class. Since this is a 3-unit class, you should expect to study an average of six (6) hours outside of class each week. Some students may need more outside study time and some less.

For free tutoring on campus, contact the Learning Center (http://www.fresnostate.edu/studentaffairs/lrc/) in the Collection Level (basement level) of the Henry Madden Library. You can reach them by phone at 278-3052. "Our campus has developed SupportNet (http://www.fresnostate.edu/studentaffairs/supportnet/) to connect students with specific campus resources promoting academic success. I have agreed to participate in this program and may refer you to it if I believe you need the services provided by SupportNet to succeed in this course."

Course Policies & Safety Issues
Planning is typically a collaborative process. I realize that with a digital course where students may be dispersed, it may be difficult to collaborate. That is why I encourage you to post and respond to discussion questions on Blackboard. You may also share email addresses so that you network.

Please, no "flaming" each other. Planning is a diverse field and there is often no one-way to address planning issues. Be respectful of each other. You are all on a great and exciting voyage.

Plagiarism Detection:
The campus subscribes to the SafeAssign.com and Turnitin plagiarism prevention service through Blackboard, and you will need to submit written assignments to SafeAssign.com or Turnitin. Your work will be used by SafeAssign.com or Turnitin for plagiarism detection and for no other purpose. The student may indicate in writing to the instructor that he/she refuses to participate in the SafeAssign.com process, in which case the instructor can use other electronic means to verify the originality of their work. SafeAssign.com and Turnitin Originality Reports WILL be available for your viewing.

University Policies

Students with Disabilities: Upon identifying themselves to the instructor and the university, students with disabilities will receive reasonable accommodation for learning and evaluation. For more information, contact Services to Students with Disabilities in the Henry Madden Library, Room 1202 (278-2811).

Honor Code: “Members of the CSU-Fresno academic community adhere to principles of academic integrity and mutual respect while engaged in university work and related activities.” You should:
1. understand or seek clarification about expectations for academic integrity in this course (including no cheating, plagiarism and inappropriate collaboration)
2. neither give nor receive unauthorized aid on examinations or other course work that is used by the instructor as the basis of grading.
3. take responsibility to monitor academic dishonesty in any form and to report it to the instructor or other appropriate official for action.

Cheating and Plagiarism: "Cheating is the actual or attempted practice of fraudulent or deceptive acts for the purpose of improving one's grade or obtaining course credit; such acts also include assisting another student to do so. Typically, such acts occur in relation to examinations. However, it is the intent of this definition that the term 'cheating' not be limited to examination situations only, but that it include any and all actions by a student that are intended to gain an unearned academic advantage by fraudulent or deceptive means. Plagiarism is a specific form of cheating which consists of the misuse of the published and/or unpublished works of others by misrepresenting the material (i.e., their intellectual property) so used as one's own work." Penalties for cheating and plagiarism range from a 0 or F on a particular assignment, through an F for the course, to expulsion from the university. For more information on the University's policy regarding cheating and plagiarism, refer to the Class Schedule (Legal Notices on Cheating and Plagiarism) or the University Catalog (Policies and Regulations).

Computers: "At California State University, Fresno, computers and communications links to remote resources are recognized as being integral to the education and research experience. Every student is required to have his/her own computer or have other personal access to a workstation (including a modem and a printer) with all the recommended software. The minimum and recommended standards for the workstations and software, which may vary by academic major, are updated periodically and are available from Information Technology Services or the University Bookstore (http://www.kennelbookstore.com). In the curriculum and class assignments, students are presumed to have 24-hour access to a computer workstation and the necessary communication links to the University's information resources."

Disruptive Classroom Behavior: "The classroom - including this digital classroom - is a special environment in which students and faculty come together to promote learning and growth. It is essential to the learning environment that respect for the rights of others seeking to learn, respect for the professionalism of the instructor, and the general goals of academic freedom are maintained. ... Differences of viewpoint or concerns should be expressed in terms which are supportive of the learning process, creating an environment in which students and faculty may learn to reason with clarity and compassion, to share of themselves without losing their identities, and to develop and understanding of the community in which they live ... Student conduct which disrupts the learning process shall not be tolerated and may lead to disciplinary action and/or removal from class."

Copyright Policy: Copyright laws and fair use policies protect the rights of those who have produced the material. The copy in this course has been provided for private study, scholarship, or research. Other uses may require permission from the copyright holder. The user of this work is responsible for adhering to copyright law of the U.S. (Title 17, U.S. Code). To help you familiarize yourself with copyright and fair use policies, the University encourages you to visit its Copyright Web Page (http://libguides.csufresno.edu/copyright).
Technology Innovations for Learning & Teaching (TILT) course web sites contain material protected by copyrights held by the instructor, other individuals or institutions. Such material is used for educational purposes in accord with copyright law and/or with permission given by the owners of the original material. You may download one copy of the materials on any single computer for non-commercial, personal, or educational purposes only, provided that you (1) do not modify it, (2) use it only for the duration of this course, and (3) include both this notice and any copyright notice originally included with the material. Beyond this use, no material from the course web site may be copied, reproduced, re-published, uploaded, posted, transmitted, or distributed in any way without the permission of the original copyright holder. The instructor assumes no responsibility for individuals who improperly use copyrighted material placed on the web site.
