

**All Kids Invent! Camps** are taught by professional instructors and assisted by fully trained staff.

**Individual Camp prices include:** registration, supplies, snacks & Kids Invent! t-shirt. Campers will innovate throughout the week and keep everything they create.

## KIDS INVENT! TOY WORKSHOP

Kindergarten - 3rd Grade

In our Toy Workshop kids will let their imaginations run wild as they use math, science and technology to invent their own toy! Camp will conclude with The Kids Invent! Toy Fair where our inventors will present and show-off their new toy!

**\$300.00 - Per Session**

July 13-17, 2015 (Session 1) • July 27-31, 2015 (Session 2)

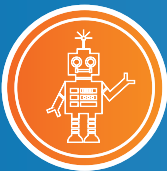

## KIDS INVENT! DIGITAL VIDEO STUDIO

4th-6th grade

In our Digital Video Studio campers learn basic photography, video production and computer editing skills through fun and exciting projects. Camp concludes with an Academy of Kids Invent! movie presentation where kids show off their creative videos.

**\$325.00 - Per session**

June 22-26, 2015 (Session 1) • July 6-10, 2015 (Session 2)

## KIDS INVENT! ROBOTICS LAB

4th-6th grade

In our Robotics Lab campers will learn basic robotics programming as they build and program a robot to complete various tasks. All students keep their robot at the end of camp to continue learning and experimenting with robotics!

**\$375.00 - Per Session**

July 20-24, 2015 (Session 1) • August 3-7, 2015 (Session 2)
