The Fresno State Digital Repository (FSDR) is the open access repository preserving and providing access to the scholarly and administrative works at California State University, Fresno. FSDR is part of the CSU-wide Scholarworks project, and is managed by the Henry Madden Library at Fresno State.

The FSDR has developed rapidly since 2016. This poster shows the key concepts and best practices that have made the FSDR so successful.

### Key Concepts and Best Practices

- **Teamwork and collaboration**
- **Strategic promotion**
- **Understand and respect customers’ needs**
- **Identify and invite potential contributions**
- **Automate data processing**

### Challenges

- Getting unpublished works
- Bias against open access journals
- Getting pre-prints and post-prints

### On the Agenda

- Institutional commitment outlined in policy
- Copyright education and collaboration
- Systematic and dynamic authority control
- Platform migration
- Faculty profiles
- Expanded types of content
- Expanded services

### What do we have?

| Scholarly, creative & instructional works | 5,200+ |
| Theses & Dissertations | 2,200+ |
| University Archives & Publications | 4,000+ |
| **Total** | **11,500+** |

### How was FSDR used since 2016?

| Users | 14,981 |
| New Users | 14,908 |
| Sessions | 20,244 |
| Pageviews | 128,794 |

### How did our use increase?

### Where are our users?

### Teamwork and Collaboration

- **Who?**
  - Library (Librarians, Staff, etc.)
  - Faculty
  - Department Contacts
- **What?**
  - Infrastructure Policy
  - Copyright
  - Data & Metadata
  - Workflow
  - Promotion
- **How?**
  - Design
  - Development
  - Decision-making

### Strategic Promotion

#### Who?
- President
- Provost
- Deans
- Department heads
- Faculty and staff
- Department/program contacts
- Students
- Alumni

### Understand and Respect Needs

- **Increased impact**
  - Personal impact
  - Institutional impact
  - Statistics & reports
- **All-in-one storage**
  - Safe
  - Long-term
  - Evolving
- **Easy for contributors**
  - Multi-channel submission
  - Least effort from contributors
  - Communicate status
- **Copyright concerns**
  - SHERPA/RoMEO
  - Publishers
  - Copyright Clearance Center

### Identify and Invite Potential Contributions

- **Database search**
- **Online search**
- **Recommendations**

### Faculty Publications

- **Retrieve faculty publications**
- **Copyright search**
- **Create metadata**

### Electronic Theses & Dissertations

- **Receive ProQuest records**
- **Create metadata**

### Automate Data Processing

- **Faculty Publications**
- **Electronic Theses & Dissertations**
