

SupportNet Satellite Advising (Academic Coaching)

Unique Partnership

SupportNet has partnered with the College of Health and Human Services Advising Center and the College of Science and Mathematics Advising and Resource Center to provide academic coaching services within the college centers!

Collaboration Highlights:

- One-stop-shop: Both academic advising and academic coaching services can be accessed within one office
- 1:1 academic coaching for freshman to graduate level students
- Personalized support for PDQ and referred students of each college
- Strategies provided on time management, motivation, study strategies, learning styles, etc.
- Assessments (LASSI and VARK)

Impact
