Once you are signed in, you will find a link on the left panel of your screen that says Forms Portfolio.

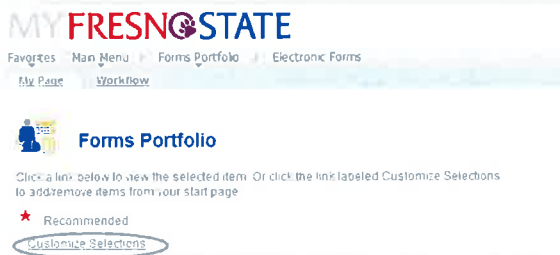

Click on this link and then select the Electronic Forms option on the following screen.

This link will take you to a list of all the available online forms. Scroll to the section labeled University and find the Driving Authorization form. If you get a window stating “Pop ups are temporarily blocked...” click on “Allow Once”. This will load the Driving Authorization form that you need to fill out.

If you do not see the above link, click on the Customize Selection. Next click on Check All and then click Save.

There are 6 tabs that you will need to navigate through and fill out. You will need to fill out each tab completely before moving onto the next tab. If you need to go back to a previous tab for any reason while filling out this form you can use the tabs bar across the top of the form. As you progress through the form these tabs will become “activated”, you can go back to any tab you have previously been to by clicking on that tab but you can only go as far forward as you have previously been (i.e. if you are on tab 4 and jump back to tab 1, you will only be able to return to tabs 2-4, tabs 5 and 6 will not be activated yet).

The screenshot shows the top of the Fresno State website with the logo and tagline "Discovery. Diversity. Distinction." A link for help is visible. Below is a dark blue banner with the title "Driving Authorization Process". At the bottom, a navigation bar contains six tabs: "1 Contact Info", "2 State Business", "3 DMV", "4 Personal Vehicle", "5 Defensive Driving", and "Summary/Submit". The "5 Defensive Driving" tab is highlighted with a dark blue background and a white arrow pointing right.

The first tab is asking for contact information and some basic information about you and your supervisor. The first page will have some of your information Auto populated already; please confirm that the information is correct.

This screenshot shows the "Contact Info" tab of the "Driving Authorization Process" form. The Fresno State logo and tagline are at the top, along with a help link. A dark blue banner contains the title "Driving Authorization Process". The navigation bar shows "1 Contact Info" as the active tab. The screenshot shows the same form as above, but now on Step 2: "State Business". An "OK" button is at the bottom right of the pop-up. The "Next" button from the previous screen is now highlighted with a blue arrow pointing to it.

Depending on what your responses are to various questions, you will see different pop up information that is being requested from you. For example on the second page you are asked if you will be driving on State Business. A “yes” response will bring up several other questions for you to answer, a “no” response will bring up a pop up box asking you to verify that you will not be driving on state business. All “No” responses will be verified by your manager.

**Driver's License And DMV Record**

In order to drive on state business you must possess a valid California or other State driver's license of the correct class(es) for the type(s) of vehicle(s) you will be driving and maintain an acceptable DMV driving record. Your driving record will be reviewed by the Office of EHS/Risk Management.

*Note: Records with violations that raise significant doubt as to a person's ability to drive safely will be assessed on a case-by-case basis.*

Do you have an out-of-state driver's license?

Your record will be accessed from the DMV electronically via the Employee Pull Notice Program. This program will send EHS/Risk Management an update whenever a change occurs in your record, and is a necessary component of the driving authorization process.

STATE OF CALIFORNIA DEPARTMENT OF MOTOR VEHICLES  
 Authorization for Release of Driver Record Information

I, **Brianna Putt**, California Driver License Number: [REDACTED] hereby authorize the California Department of Motor Vehicles (DMV) to disclose or otherwise make available, my driving record, to my employer, California State University, Fresno. I understand that my employer may enroll me in the Employer Pull Notice (EPN) program to receive a driver record report at least once every twelve (12) months or when any subsequent conviction, failure to appear, accident, driver's license suspension, revocation, or any other action is taken against my driving privilege during my employment. I am not driving in a capacity that requires mandatory enrollment in the EPN program pursuant to California Vehicle Code (CVC) Section 1808 1(k). I understand that enrollment in the EPN program is in an effort to promote driver safety, and that my driver license report will be released to my employer to determine my eligibility, as a licensed driver for my employment.

The fourth tab asks if you will be using a personal vehicle while driving on state business. If you will NOT be using a personal vehicle you should not see any additional information on this page. If you ARE using a personal vehicle you will be asked for additional information about your vehicle. Please include all vehicles that you might be driving while on state business.

**Personal Vehicle**

Will you be using a personal vehicle in the performance of, or necessary to, or in the course of, the duties of University employment (whether you seek reimbursement for expenses or not)?

**AUTHORIZATION TO USE PRIVATELY OWNED VEHICLES ON STATE BUSINESS CERTIFICATION** IN ACCORDANCE WITH STATE POLICY (S.A.M. 0753 & 0754) APPROVAL IS REQUESTED TO USE PRIVATELY OWNED VEHICLES TO CONDUCT OFFICIAL STATE BUSINESS. I understand that permission to drive a privately owned vehicle on State business is a privilege which may be suspended or revoked at any time.

I certify whenever I drive a privately owned vehicle on State business I will:

- Have a valid current driver's license in my possession.
- Carry evidence of current automobile liability insurance in my vehicle (Vehicle Code Section 16020).
- Maintain an acceptable driving record.
- Ensure that all persons in the vehicle wear safety belts.
- Report all accidents in accordance with University and State requirements.

I further certify that the vehicle shall always be:

- Covered by liability insurance for the minimum amount prescribed by State law (i.e. \$15,000 for personal injury to, or death of one person; \$30,000 for injury to, or death of, two or more persons in one accident; \$5,000 property damage).
- Adequate for the work to be performed.
- Equipped with safety belts in operating condition.
- To the best of my knowledge, in safe mechanical condition as required by law.

Each person who plans to drive a privately-owned vehicle should be aware that the insurance maintained by the State is only applicable to that liability of the person which is over and above the liability insurance maintained by the person. If the privately-owned vehicle is used consistently on State business, the person should contact the insurance carrier who may change the premium class with a corresponding increase in premium rate. If a person has not notified the insurance carrier of the use of a private vehicle on State business and there is an accident the insurance company must cover the accident unless deceit can be proven. I understand that the mileage rate that I claim is full reimbursement for the cost of operating the vehicle, including fuel, maintenance, repairs, and both liability and comprehensive insurance.

Note: Driving during an overnight business trip would be driving on state business for more than 1 day in a month. You must also account for the days you may drive other types of vehicles, such as golf carts or applicable farm/maintenance equipment.

Defensive Driving training is optional for individuals who do not drive more than 1 day per month. However, your supervisor must confirm your level of state business driving. He/she may need you to drive more frequently in the future. You will be notified of the confirmation results.
