	Documents related to the filing of information with taxing authorities such as the IRS and State Franchise Tax Board.	Controller/ Payroll Manager									
<b>Remarks:</b>	ELECTRONIC VERSUS HARDCOPY										
	Retention standards apply regardless of whether the record is created or maintained in paper or electronic format.										
	All records must be maintained in a readable format regardless of changes in technology or equipment obsolescence.										
	Hardcopy versus Electronic: Electronic copies satisfy the law for enforceability of a transaction and as evidence in a dispute. Civil Code Sections 1633.1 et seq and Evidence Code Section 1521.										
	VERIFICATION OF IMAGED DOCUMENTS; "WHEN TO SHRED THE ORIGINAL";										
	Physical documents must not be destroyed until their scanned images have been sufficiently examined for completeness, clarity and accuracy of indexing.										
	Shredding should be suspended at any time that the reliability of the process or the stability of the system is in question.										
	<b>RETENTION PERIOD</b>										
	Different retention periods exist for 'fiscal records', depending on the underlying Funding Source.										
	If an activity's Funding Source is a bond, the retention period is extremely long. Contact Capital Planning, Design and Construction for guidance.										
	If an activity's Funding Source is a grant, the retention period is somewhat long. Refer to Retention Schedule #10 Research and Sponsored Programs for guidance.										
	For all other funding sources, the retention periods reflected here apply, as 'default'.										
	The 4-year retention period recommended for most of the Fiscal Record categories is based on the following considerations.										
	1 -- The IRS requirement to retain records for up to 6 years (CSU files tax returns on its Unrelated Business Income and must be able to support the reported activity in the event of an audit).										
	2 -- Though CSU must have its procurement practices audited every 5 years (Ed Code 89045 ), the SCOPE of those audits is never more than 3 years. 3 yrs of data will suffice per M. Schlack.										
	3 -- Review of other universities' retention periods, which generally ranged from 3 to 6 years.										

California State University -  
**INFORMATION DISPOSITION SCHEDULE**

Record Series Identifier	Record Series Name											
Record Identifier	Record Title	Custodian of Record	Record Value: O - Operational F - Fiscal L - Legal H - Historical V - Vital					Retention Authority	Retention Period			
			O	F	L	H	V					
2.0	<b>FISCAL RECORDS</b>											
	<b>VERY IMPORTANT -- See Remarks on last page.</b>											
	4 -- CSU's annual cost of storing records off-site, which could be upwards of \$650,000; 3 locations were polled; their average annual cost was \$27K. 24 locations X \$27K = \$648K.											
	5 -- An intent to keep the number of retention rules minimal (for easier implementation), and acceptance that some records will be retained longer than technically needed.											
	Property & Equipment Records: Separate category not needed; redundant. Expensed items will be in 2.01 A/P; Capitalized items and depreciation will be in 2.03 Audits.											
	LOCAL CONTACT AND PHONE											
	Campuses utilizing this schedule may find it helpful to add columns to the right to insert "local contacts" (subject matter experts) for each of the record categories.
