One Step at a Time

WHAT IS A TSA PROGRAM?

The California State University Tax-Sheltered Annuity (CSU TSA) Program is a voluntary 403(b) plan that allows eligible employees to save for retirement by investing monthly pretax contributions in tax-deferred accounts under Internal Revenue Code Section 403(b). A TSA can help you save money on taxes now AND invest in your future at the same time!

WHY PARTICIPATE?

The sooner you start saving toward your retirement the better. The earlier you start, the more you benefit from compounding interest. Compounding happens over time as your money generates earnings, which are reinvested to generate MORE earnings.

HOW MUCH?

That depends on you. For 2017, the IRS allows you to invest up to \$18,000 of your annual salary, but you can decide to invest as little as \$15 per month. Plus, if you are or will be age 50 or older this year, you can invest up to \$6,000 more per year. And, if you have been employed by the CSU for at least 15 years and didn't take full advantage of TSA contribution maximums over the course of your employment, you may be able to catch up and invest even more.
