Public Employees Retirement System (CalPERS)
State Misc. Members ~ 2% at 55 formula
- Employer and Employee pay into the CalPERS plan, employee contributes 5% of salary on a pre-tax basis over $513/month
- Eligible to retire after 5 years of service credit AND at least 50 years of age
- Retirement is based on service credit, age at the time of retirement and the highest 12 month consecutive salary
- The benefit factor increases each year based on age beginning with 1.100% at age 50 for each year of service credit, 2% at age 55 and levels out at 2.500% at age 63 and older
- You are vested after five years of CalPERS full-time service credit
- If enrolled in health and dental insurance at the time of retirement, the state will continue to pay the employer share of premiums for life
- Accrued sick leave balance converted to service credit
- Survivor benefits
- Disability retirement
You may visit CalPERS website at:  www.calpers.gov
