

## Compliance Training for CSU Employees

The CSU requires employees to take certain courses to comply with state and university requirements. Those requirements are driven by federal or state law or CSU policy. To assist each employee to determine which courses they are required to take, we are pleased to provide you with the listing of the CSU online training Courses through Skillport, a third party vendor.

As you are enrolled and due to retake the course, you will get an automated email from Skillport asking you to complete the course. If you have difficulty logging into the Skillsoft training site, please use the following link:

After the login using your Fresno State ID and password, you should click on "My Plan". This will display all of the courses that have been assigned to you.
