Procedure

All employees separating from California State University, Fresno must go through the employee checkout process per (SAM 8580.4). All State property assigned to an employee must be returned to the specific departments prior to departure.

Process

It is an employee's obligation to submit a letter of resignation/retirement to the employee's department chair/manager. This letter must site your intent to resign/retire and the effective date of this action. The chair/manager must respond in writing to your notification to separate. Complete the online ETR page to separate the employee and attach the separation letter and acceptance letter forward both the letter's to Human Resources/Academic Personnel Services if a scanner is not available. Written notification of separation must be received by Human Resources/Academic Personnel Services at least two weeks prior to the last day worked (or as soon as possible if less than two weeks' notice is given).

Human Resources will then activate the online separation process based on the day the separation information is received in their office. An automatic email notification will be sent to both the employee and their reporting manager regarding the online separation process. The Employee Separation Checklist will also be activated in the My Fresno State portal under the Workflow tab. This checklist is used to track and clear all assets assigned to an employee, as well as verify that all items have been returned or inactivated upon separating.

Retirees

Employees retiring from the university must submit a letter to their department chair/manager with a copy to the Human Resources/Benefits office. This letter must state the effective date of this action. The chair/manager must respond in writing to your notification to retire with a copy to the Human Resources/Benefits office. Human Resources will then process the online ETR on behalf of the employee two weeks prior to the last day physically worked. An automatic email notification will be sent to both the employee and their reporting manager regarding the online retirement process. The Employee Separation Checklist will also be activated in the MY Fresno State portal under the Workflow tab. This checklist is used to track and clear all assets assigned to an employee, as well as verify that all items have been returned or inactivated upon retirement.
