Instructions for Reporting
OVERTIME, SHIFT, and MISCELLANEOUS Pay for SALARIED employees

The Report of Miscellaneous Pay form (PR-MiscPay) has been revised to EXCLUDE this form for submittal of TEMP HELP pay! All time related to paying an hourly employee “REG” time for the month which includes any related overtime or shift pay will be accepted on the NEW REVISED Temporary Help Voucher. The newly introduced PR-MiscPay form is still in place but will be used for reporting of overtime, shift and any miscellaneous pay for SALARIED employees. It has been changed to accommodate the 5-digit ORGID in place of the 3-digit number. The completion of the accounting code using PS Version 8 requires the account string to be entered when input into the PS system is completed by Payroll. 

The distribution and use of the forms will remain the same, which consists of department retention of all original documentation and copies being sent to the Payroll Services Office for processing and payment. Please note, department documentation, (retained as original) is considered the official campus document for audit purposes.
