

Have parking tickets waived if you later show your parking pass.

CURRENT CHALLENGE:

Yesterday I received another \$50 ticket for failing to display my parking pass on my mirror. I am old and sometimes forgetful. When I arrive at campus I am usually thinking about what I am going to do that day and how I am going to do it, not parking passes.

I like to think that through extra effort and enthusiasm, that I am doing a GREAT job for the University. Getting one of these tickets takes away this enthusiasm.

PROPOSED SOLUTION:

The solution is simple and does not require any change to the existing system.

All that is required is a trip to the police station, show them your parking pass that you pay for every month and your ticket would be waived.

They can easily check the system to see if you are current.

BENEFITS TO FRESNO STATE:

It relieves a major aggravation of working at Fresno State and would be beneficial in retaining employees.
