

Have a Farmer's Market/Food Truck option for us to buy delicious fresh produce.

CURRENT CHALLENGE:

I find it hard to find fresher food options on our campus. I rarely get out to the Gibson Farm Market during lunch. Our campus really only offers Panda Express, Robertito's, Taco Bell, Subway or Bulldog Bites Food Truck. Where is the fresh fruit/salad options? Faculty, Staff, and Students need a healthier option from time to time.

PROPOSED SOLUTION:

My bold idea would be to have a Farmer's Market/Food Truck option for us to buy delicious fresh produce. To invite local organic farmers to sell, as well as Fresno State's agriculture to offer their products produced here on campus.

BENEFITS TO FRESNO STATE:

I believe this will help our Fresno State community on campus to have access to organic fresh produce. We can 'Buy Local' and have healthier lunch options, or buy groceries for their week.
