

Service with Honor

Maria Montana Caballero Avila – a native of Spain – enlisted in the United States Air Force to be part of a world-class military organization. Now a technical sergeant with Fresno State's Air Force ROTC program, she recently won the organization's Third-Quarter Non-Commissioned Officer Award.

Maria mentors more than 70 cadets from diverse cultural and socio-economic backgrounds. When they're commissioned as Air Force second lieutenants, they will carry the skills, education and training she has given to them.

As we celebrate Veterans Day, Tech Sergeant Avila's exemplary service is a reminder of the achievements and sacrifices of our men and women in military service.
