

5,000 Degrees of Success

At Fresno State, our graduates go on to make a difference in their communities and in the world. This year we will confer more than 5,000 degrees – more than at any other time in the university's history.

It's people like Paul Oliaro, vice president for student affairs, who are committed to helping our students reach their academic and career goals. Fresno State graduates become teachers and engineers, business professionals and nurses. They use the skills they have acquired in the classroom and through volunteerism to create a vibrant Central Valley.

For more than a century, Fresno State has been an innovative leader in our growing and diverse community. We salute our graduates.

FRESNO STATE
POWERING THE NEW CALIFORNIA
