

Recent Saves Tab

You can display the Recent Saves log by clicking on the recent saves button in the Content Tab. This page will display the most recent save to editable pages. A user can navigate to older saved pages using the First, Previous, Next, or Last links at the top of the report. Information available includes the date and time of the save, the file path, the user who made the change, and a link to view a more detailed log of saves to any particular page on the list. You are able to sort recent saves by date ascending or descending (default). You are also able to scroll through the entire list of recent saves by using the previous/next and first/last links.

The screenshot displays the 'Recent Saves' page in the OU Campus system. The navigation bar includes 'Dashboard' and 'Content' tabs, with 'Content' selected. Under 'Content', there are links for 'Pages', 'Assets', 'Recent Saves', and 'Recent Publishes'. A red arrow points to the 'Recent Saves' link. The main content area shows a table of recent saves for the site 'training'. The table has columns for Date, Path, Username, and Log. The most recent save is on 8/15/12 at 10:01 AM for the path '/index.pcf' by user 'ows_test_1'. Other saves are from 8/14/12 at 9:13 AM, 9:12 AM, 9:12 AM, and 9:11 AM, all by user 'acapuchino' for paths like '/about/page10.pcf', '/about/page09.pcf', '/about/page08.pcf', and '/about/page07.pcf'. Navigation links for 'First', 'Previous', 'Next', and 'Last' are visible at the top right of the table area, with a page number '1' in a dropdown menu.

Date	Path	Username	Log
8/15/12 10:01 AM	/index.pcf	ows_test_1	
8/14/12 9:13 AM	/about/page10.pcf	acapuchino	
8/14/12 9:12 AM	/about/page09.pcf	acapuchino	
8/14/12 9:12 AM	/about/page08.pcf	acapuchino	
8/14/12 9:11 AM	/about/page07.pcf	acapuchino
