and student participants of the Program**

The group met with the United States Ambassador to Armenia, Richard Mills, at the Embassy.

Professors Barlow Der Mugrdechian and Hagop Ohanessian led a group of thirteen students on the Armenia Summer Study Program, May 24-June 9, 2017. While in Armenia students visited the major cultural and religious sites in Armenia, including a visit to Holy Etchmiadzin. They visited the Armenian Martyrs Monument, and the Armenian Genocide Museum. A visit to Mer Hooys-House of Hope was especially meaningful. The group will share its reflections of the most memorable moments of the trip through videos and photographs. They will discuss the lasting impact of the trip to Armenia.
