

Lydia

It is with great excitement that we announce the cast selection for *Lydia*. We had many talented people at callbacks, but unfortunately only 7 roles to fill. We appreciate your interest in our production and extend our congratulations for making it to callbacks out of this season's large audition pool. I am honored to have welcomed so many talented performers during auditions, which made the selection process incredibly difficult.

Thank you!

Cast members and understudies, please write your initial next to your name to indicate you are accepting the part.
