ON-CAMPUS INTERVIEWS

Did you know?

Employers come to campus as early as September to interview students for career positions that begin the following May.

Participating in On-Campus Recruiting (OCR) can maximize your access to career internships and opportunities. In fact, you could receive and accept a job offer prior to graduation, making your transition from the campus to career world that much easier.

How do you find out about and participate in these interviews?

Opportunities are advertised and managed through BulldogLink, where you can submit resumes and sign up for interviews online, 24/7.
