- **Nondiscrimination Policy and Complaint Procedures**
  
  **Update:** Interim Procedures for Complaints of Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking and Retaliation Made Against a Student (or any successor) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made against other CSU students. Interim Procedures for Complaints of Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking and Retaliation (or any successor procedure) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made against the CSU, a CSU employee or a third party.

  **Sex Discrimination or Gender Discrimination** is an adverse action taken against a student complainant because of their protected status.

  **Adverse Action** means an action engaged in by the respondent that has a substantial and material adverse effect on the complainant's ability to participate in a university program, activity, or employment. Minor or trivial actions or conduct not reasonably likely to do more than anger or upset a complainant does not constitute an adverse action.

  **Sexual Harassment** means unwelcome verbal, nonverbal, or physical conduct of a sexual nature that includes, but is not limited to, sexual advances, requests for sexual favors, offering employment benefits or giving preferential treatment in exchange for sexual favors, or indecent exposure, and any other conduct of a sexual nature where:
1. Submission to, or rejection of, the conduct is explicitly or implicitly used as the basis for any decision affecting a Complainant’s academic status or progress, or access to benefits and services, honors, programs, or activities available at or through the University; or

2. Submission to, or rejection of, the conduct by the Complainant is explicitly or implicitly used as the basis for any decision affecting a term or condition of the Complainant's employment, or an employment decision; or

3. The conduct is sufficiently severe, persistent, or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the Complainant, and is in fact considered by the Complainant, as limiting their ability to participate in or benefit from the services, activities or opportunities offered by the university; or

The conduct is sufficiently severe, persistent, or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the Complainant, and is in fact considered by the Complainant, as creating an intimidating, hostile or offensive environment.

Sexual Harassment could include being forced to engage in unwanted sexual contact as a condition of membership in a student organization or in exchange for a raise or promotion, being subjected to video exploitation or a campaign of sexually explicit graffiti, or frequently being exposed to unwanted images of a sexual nature in a work environment, or in a classroom where the images are unrelated to the coursework.

Claiming that the conduct was not motivated by sexual desire is not a defense to a complaint or Sexual Harassment.

Sexual and/or romantic relationships between members of the campus community may begin as consensual, and may develop into situations that lead to Discrimination, Harassment, Retaliation, Sexual Misconduct, Dating or Domestic Violence, or Stalking subject to this policy.

**Sexual Misconduct.** All sexual activity between members of the CSU community must be based on Affirmative Consent. Engaging in any sexual activity without first obtaining Affirmative Consent to the specific activity is Sexual Misconduct, whether or not the conduct violates any civil or criminal law.

a. Sexual activity includes, but is not limited to:
   - kissing
   - touching intimate body parts
   - fondling
   - intercourse
   - penetration, no matter how slight, of the vagina or anus with any part or object
b. Sexual Misconduct includes, but is not limited to:
   o an attempt, coupled with the ability, to commit a violent injury on the person of another because of that person's Gender or Sex,
   o the intentional touching of another person's intimate body parts without Affirmative Consent,
   o intentionally causing a person to touch the intimate body parts of another without Affirmative Consent,
   o using a person's own intimate body part to intentionally touch another person's body without Affirmative Consent,
   o any unwelcome physical sexual acts, such as unwelcome sexual touching,
   o using physical force, violence, threat, or intimidation to engage in sexual activity,
   o ignoring the objections of the other person to engage in sexual activity,
   o causing the other person's incapacitation through the use of drugs or alcohol to engage in sexual activity,
   o taking advantage of the other person's incapacitation to engage in sexual activity.

c. Intimate body part means the sexual organ, anus, groin, buttocks, or breasts of any person.

d. Sexual activity between a Minor (a person younger than 18 years old) and a person who is at least 18 and two years older than the Minor always constitutes Sexual Misconduct, even if there is Affirmative Consent to all sexual activity. The existence of Affirmative Consent and/or the type of sexual activity may be relevant to the determination of an appropriate Sanction.

e. Persons of all Genders, Gender Identities, Gender Expressions, and Sexual Orientations can be victims of these forms of Sexual Misconduct. Sexual Misconduct can be committed by an individual known to the victim including a person the Complainant may have just met, i.e., at a party, introduced through a friend, or on a social networking website.

f. **Affirmative Consent.** Affirmative Consent must be voluntary, and given without coercion, force, threat, or intimidation. It is the responsibility of each person involved in the sexual activity to ensure Affirmative Consent has been obtained from the other participant(s) prior to engaging in the sexual activity. Affirmative Consent means an agreement to engage in sexual activity that is:
   o informed
   o affirmative
   o conscious
   o voluntary and
   o mutual.
   o Lack of protest or resistance does not mean there is Affirmative Consent.
   o Silence does not mean there is Affirmative Consent.
   o The existence of a dating or social relationship between those involved, or the fact of past sexual activities between them, should never by itself be assumed to be an indicator of Affirmative Consent.
A request for someone to use a condom or birth control does not, in and of itself, mean there is Affirmative Consent.

Affirmative Consent can be withdrawn or revoked. Consent must be ongoing throughout a sexual activity and can be revoked at any time, including after sexual activity begins. Once consent is withdrawn or revoked, the sexual activity must stop immediately. Consent to one form of sexual activity (or one sexual act) does not constitute consent to other forms of sexual activity. Consent given to sexual activity on one occasion does not constitute consent on another occasion.

g. **Incapacitation.** Affirmative Consent cannot be given by a person who is incapacitated. A person is unable to consent when asleep, unconscious, or incapacitated due to the influence of drugs, alcohol, or medication so that the person could not understand the fact, nature, or extent of the sexual activity. A person is incapacitated if the person lacks the physical and/or mental ability to make informed, rational decisions. A person with a medical or mental disability may also lack the capacity to give consent. Whether an intoxicated person (as a result of using alcohol or other drugs) is incapacitated depends on the extent to which the alcohol or other drugs impact the person's decision-making ability, awareness of consequences, and ability to make informed judgements. A person's own intoxication or incapacitation from drugs or alcohol does not diminish that person's responsibility to obtain Affirmative Consent before engaging in sexual activity. Sexual activity with a Minor (a person under 18 years old) is not consensual, because a Minor is considered incapable of giving consent due to age. It shall not be a valid excuse that a person affirmatively consented to the sexual activity if the Respondent knew or reasonably should have known that the person was unable to consent to the sexual activity under any of the following circumstances:

- The person was asleep or unconscious
- The person was incapacitated due to the influence of drugs, alcohol, or medication, so that the person could not understand the fact, nature, or extent of the sexual activity
- The person could not understand the fact, nature, or extent of the sexual activity, or was unable to communicate, due to a mental or physical condition.

h. It shall not be a valid excuse that the Respondent believed that the person consented to the sexual activity under either of the following circumstances:

- The Respondent's belief in Affirmative Consent arose from the intoxication or recklessness of the Respondent;
- The Respondent did not take reasonable steps in the circumstances known to the Respondent at the time, to ascertain whether the person affirmatively consented.
Dating Violence and Domestic Violence

Dating Violence means physical violence or threat of physical violence committed by a person--

a. who is or has been in a social relationship of a romantic or intimate nature with the Complainant; and
b. where the existence of such a relationship shall be determined based on a consideration of the following factors:

   I. The length of the relationship.
   II. The type of relationship.
   III. The frequency of interaction between the persons involved in the relationship.

Domestic Violence means physical violence or threat of physical violence committed by a current or former spouse or intimate partner of the Complainant, by a person with whom the Complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, or by a person similarly situated to a spouse of the Complainant.

Physical Violence means physical conduct that intentionally or recklessly threatens the health and safety of the recipient of the behavior, including assault.

Stalking

Stalking means engaging in a Course of Conduct directed at a specific person that would cause a reasonable person to fear for the safety of self or others' safety or to suffer Substantial Emotional Distress. For purposes of this definition:

- Course of Conduct means two or more acts, including but not limited to, acts in which one party directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about the other party, or interferes with the other party's property.
- Substantial Emotional Distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Prohibited Consensual Relationships

A Prohibited Consensual Relationship is a consensual sexual or romantic relationship between an Employee and any Student or Employee over whom they exercise direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority.
**Retaliation**
Retaliation means that a substantial motivating reason for an Adverse Action taken against a person was because the person has or is believed to have:

a. Exercised their right under this policy,
b. Reported or opposed conduct which was reasonably and in good faith believed to be in violation of this policy,
c. Assisted or participated in an investigation/proceeding under this policy, regardless of whether the Complaint was substantiated,
d. Assisted someone in reporting or opposing a violation of this policy or assisted someone in reporting or opposing Retaliation under this policy.

- **Adverse Action** means an action engaged in by the Respondent that has a substantial and material adverse effect on the Complainant’s ability to participate in a university program, activity, or employment. Minor or trivial actions of conduct not reasonably likely to do more than anger or upset a Complainant does not constitute an Adverse Action.
- Retaliation may occur whether or not there is a power of authority differential between the individuals involved.

**Additional Prohibited Conduct Definitions**

**Sexual Harassment** means conduct on the basis of Sex that satisfies one or more of the following:

a. An Employee conditioning the provision of an aid, benefit, or service of the University on an individual's participation in unwelcome sexual conduct;
b. Unwelcome conduct determined based on the reasonable person standard to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to an Education Program or Activity.

c. **Sexual Assault** includes the following:

i. **Rape** is the penetration, or attempted penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the Affirmative Consent of the Complainant. Rape also includes the attempted penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the Affirmative Consent of the Complainant, with the present ability and the intent to commit Rape.

ii. **Fondling** is the touching of the private body parts of another person for the purpose of sexual gratification, without the Affirmative Consent of the victim, including instances where the Complainant is incapable of giving Affirmative Consent because of their age or because of their temporary or permanent mental incapacity.

iii. **Incest** is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

iv. **Statutory Rape** is sexual intercourse with a person who is under the age of 18 years, the California statutory age of consent.
The definition of Affirmative Consent is that which is found above here.

**Dating Violence** means physical violence or threat of physical violence committed by a person:

i. who is or has been in a social relationship of a romantic or intimate nature with the Complainant, and

ii. where the existence of such a relationship shall be determined based on a consideration of the following factors:

1. The length of the relationship.
2. The type of relationship.
3. The frequency of interaction between the persons involved in the relationship.

**Domestic Violence** means physical violence or threat of physical violence committed by a current or former spouse or intimate partner of the Complainant, by a person with whom the Complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, or by a person similarly situated to a spouse of the Complainant.

**Stalking** means engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

i. fear or their safety or the safety of others; or

ii. suffer substantial emotional distress.

**Under Whom to Contact If You Have Complaints, Questions, or Concerns**

**Update:** Title IX requires the university to adopt and publish complain procedures that provide for prompt and equitable resolution of gender discrimination complaints, including sexual harassment and misconduct, as well as provide training, education and preventive measures related to sex discrimination. CSU Interim Procedures for Complaints of Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking and Retaliation Made Against a Student (or any successor) is the systemwide procedure for all complaints of discrimination, harassment, or retaliation **made against other CSU students.** Interim Procedures for Complaints of Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking and Retaliation (or any successor procedure) is the systemwide procedure for all complaints of discrimination, harassment or retaliation **made against the CSU, a CSU employee or a third party.**

**Under Information Regarding Campus, Criminal and Civil Consequences of Committing Acts of Sexual Violence**

**Update:** Students who are found responsible by the university with gender discrimination, harassment or sexual misconduct will be subject to discipline, pursuant to the Interim
Procedures for Complaints of Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking and Retaliation Made Against a Student and the California State University and Student Conduct Procedures (see Executive Order 1098 revised on August 14, 2020, or any successor executive order) and will be subject to appropriate sanctions.

Under **Reporting to University or Local Police**

**Update:** If a victim requests that their identity be kept confidential, their name will not become a matter of public record. However, even if the victim requests confidentiality of identity, the University Police should specifically ask the victim if the victim's name can be provided to the Title IX Office so that the Title IX Coordinator can contact the victim to discuss supportive measures that can be offered. If a victim gives consent to law enforcement to provide their name to the Title IX Coordinator, their name will not become a matter of public record. Even if a victim does not give the police permission to provide their name to the Title IX Coordinator, University police will report the facts of the incident itself to the Title IX Coordinator being sure not to reveal to the Title IX Coordinator victim names/identities or compromise their own criminal investigation.
