Preliminary Level I Education Specialist Credential

Options:

Program Description. The Education Specialist Credential authorizes the holder to teach students with mild/moderate or moderate/severe disabilities (K-age 22) in public or private school programs, clinics, special schools, resource classrooms, educational programs, residential facilities, hospitals, and other agencies serving persons with special needs. This credential program prepares the teacher candidates through required coursework and fieldwork.

The Preliminary Level I Education Specialist Credential has two areas of specialization: Mild/Moderate and Moderate/Severe Disabilities. These areas of professional emphasis distinguish the student population with which the candidate seeks to pursue a special education career.

1. **Mild/Moderate Disabilities.** This credential authorizes the provision of services to individuals with mild to moderate disabilities, in grades K through 12 (including adults to age 22). Students have high incident disabilities (e.g. eligibility categories of autism, learning disability, emotional/behavioral disorders, language delays). Students are typically on diploma track and will be served in general education (inclusive settings). Services may use the titles of resource specialist or teachers in a special day class. Students may have variable academic performance, attending (distractible) behaviors, and/or social behavioral needs.
2. **Moderate/Severe Disabilities.** This credential authorizes the provision of services to individuals with moderate to severe disabilities in grades K through 12 (including adults to age 22). Students have lower incidence disabilities (e.g. eligibility categories of autism, learning disability, emotional/behavioral disorders, language delays). Students are served in a range of settings, such as center-based sites, special day classes, and some inclusive and/or integrated settings. Students may have academic, functional, communication, and vocational learning needs.

3. **Dual Certification Program.** This program leads to the Multiple Subjects Credential and the Preliminary Level I Education Specialist Credential in Mild/Moderate or Moderate/Severe Disabilities. It is designed to prepare preservice multiple subjects and special education teachers to work cooperatively in serving the needs of an increasingly diverse student population. Special advising is required.

**Requirements for Initial Admission.** Applicants who already possess a Multiple Subject or Single Subject Credential will find the application process to be somewhat streamlined. Holders of one of these Basic Teaching Credentials may be exempted from some of the Admission Requirements below. Please see an adviser for further clarification.

**Admission Requirements.**

2. Provide evidence of successful completion of an appropriate pre-program field experience (48 hours) or EHD 50, Introduction to Teaching.
