FACULTY

The faculty members of the department represent a wide spectrum of theoretical orientations and approaches to professional social work practice. All have substantive practice experience and many engage in active research programs and social policy interests. In addition to the on-campus facilities of the university, the department uses the San Joaquin Valley’s unique urban-rural configuration of people, social-political institutions, and the accompanying host of social service needs as the setting for field internships.

Numerous public and private social service agencies in our region make their facilities and professional social work staff available for the internship requirements of the programs. Internship experiences are available in the schools, healthcare settings, behavioral health, probation, and social services departments in the counties of Fresno, Kings, Madera, Tulare, and San Luis Obispo. A representative sample of settings include Community Regional Medical Centers of Central California, Valley Children’s Hospital, Fresno Unified School District, Focus Forward, and Kings County Human Services Agency.
