Certificate Award in

Medical Interpreting

FALL 2018/SPRING 2019

This 80-hour online curriculum is designed to train interested bilingual candidates to serve as Professional Medical Interpreters. This program will address patient/provider communication, cultural awareness during an intervention, interpreter code of ethics, and the role of the interpreter in the healthcare and administrative setting. Program curriculum was developed around the necessary criteria to assure quality training and assessment based on the National Council on Interpreting in Health Care and Certification Commission for Healthcare Interpreters.

This program consists of two required courses: Introduction to Medical Interpreting (Fall 2018) and Advanced Medical Interpreting (Spring 2019). Each course will have 40 hours of online instruction. Participants must complete Introduction to Medical Interpreting course with a grade of C or higher in order to be allowed to proceed to the second course. Participants who complete both courses, with an average grade of C or higher, will receive a certificate of completion.

This certificate program will prepare candidates for the National Board of Certification for Medical Interpreter and the Certification Commission for Healthcare Interpreters. The program focuses on topics that will prepare participants for both certification programs for both exams. We are not affiliated with either certification programs. Participants will independently select the certification program of their choice.

Participants must pass an on-line version Medical Interpreting Entrance Exam to test their proficiency in English and Spanish. Participants successfully completing the exam with a passing score of 70% or higher will gain entrance into the program in Fall, 2018. For additional information, please visit the following link: <http://www.fresnostate.edu/cge/degrees/certs/medintentranceexam.html>

Certificate Award in Medical Interpreting
