CEUs

CEUs are available for MFTs and LCSWs free of charge. Depending upon demand, CEUs may also be available for licensed psychologists. If so, the fee for CEUs will be determined by the number of units to be offered after the program content is finalized.

ABOUT THE CONVENING

This event marks the conclusion of the Learning Collaborative period. Regional Training Academies and other statewide training partners will join with counties to share lessons learned regarding policy, operationalization, training, and practice issues.

Discussion will also address future pathways towards full access to quality mental health services for all children and youth in California's foster care system with behavioral health needs.

WHO SHOULD ATTEND

Each California county is invited to send four agency leaders who are instrumental to implementation of the *Katie A. v. Bonta Settlement Agreement*—two leaders from Child Welfare and two leaders from Behavioral/Mental Health. Other participants will include:

- CDSS
- DHCS
- CalSWEC

- Regional Training Academies
- CMHDA
- Chadwick Center for Children & Families
- CIBHS
- CFPIC
- County Welfare Directors Association of California
- Statewide Tribal, youth, and parent partner representatives
- Other experts invited to facilitate the process

REGISTRATION/LOGISTICS

Online registration will be available through the CalSWEC website approximately six weeks prior to the event.

Attendance is free, but space is limited to 200 participants. While formal room blocks will not be arranged, a list of hotels in the Davis area, as well as directions and parking information, will be provided on the registration site.

Partial funding for this symposium is provided by the California Department of Social Services.

With the assistance of CIBHS, Chadwick Center for Children and Families, the RTAs, and CFPIC
