Dear President Castro:

I apologize for not sending you this letter earlier. The end of spring semester activities must have dimmed my memory to send you a very warm and heart felt *thank you* for joining us at the Central California Area Social Service Consortium (CCASSC) last April. The CCASSC membership has asked me to convey to you their sincere appreciation for taking the time to discuss and share ideas about important issues concerning higher education and the well-being of residents in our local region. Your vision, insight and sincerity about Fresno State's role in contributing to the quality of life for residents, especially for disadvantaged populations, are most welcomed. The CCASSC offers its support of your efforts and would welcome a future partnership with your office in addressing the many pressing needs of our region, if you so desire. The CCASSC would like to extend an open invitation to join us at any CCASSC convening to continue our conversation about the future of our region.

Thank you again and much success in this coming academic year.

Sincerely

Salvador Montana, Ph.D.
