

EARDA Interdisciplinary Health Proposal Development Office Research and Grants Newsletter

Summer 2013

Parent Announcements (For Unsolicited or Investigator-Initiated Applications)

NIH and other agencies serviced by [eRA Commons](#) want your investigator-initiated applications. Electronic grant applications must be submitted in response to a [Funding Opportunity Announcement](#) (FOA)**. NIH has developed Parent announcements for use by applicants who wish to submit what were formerly termed investigator-initiated or 'unsolicited' applications. Apply using the electronic application package for your chosen mechanism. Click on the link below.

http://grants.nih.gov/grants/guide/parent_announcements.htm

Read [More About Parent Announcements](#). Not all Institutes and Centers participate in all FOAs. Please read announcements carefully to determine participation.
