

Bilingual Clinical Intervention Specialist

Locations-CA-Santa Ana

Overview

The **Bilingual (Spanish/English) Clinical Intervention Specialist** provides school-based therapeutic, case management and consultation services for a caseload of children and families. Working within partnering schools, the Clinical Intervention Specialist coordinates services delivered at the school site and supports faculty and staff in including students successfully in diverse settings by providing teacher coaching, modeling and professional development opportunities. The Clinical Intervention Specialist works collaboratively with classroom teachers, school leadership and the Multi-Tiered System of Support (MTSS) implementation team to maintain the academic, social and emotional needs of each student.

Responsibilities

- Work effectively as a member of a multi-disciplinary team implementing academic, behavioral, and therapeutic services for students in need of intervention
- Provide coaching and professional development to support school staff in experiencing success with all students
- Implement research-based interventions aligned with the three tiers of the MTSS pyramid, including individual, group, and family therapy and case management for identified students
- Document interventions provided and provide necessary reports on student progress
- Engage caregivers in the educational process, providing frequent opportunities to discuss student growth and needs
- Provide consultation to school staff on safety assessments, mental health crises, and accessing social service
- Participate in regular supervision session and professional learning communities to enhance practice and increase coherence

Qualifications

- Master's degree in Social Work or Mental Health Counseling
- Bilingual skills in Spanish and English required
- Registered or licensed with the California BBS
- 3+ years of experience working with youth in a mental health or educational setting
- Valid California driver's license, clean record, and insurability with Seneca's automobile policy
- Clearance of TB test, fingerprints, and any other state or federal requirements

Schedule

- Monday - Friday

Benefits

- Competitive salary
- Comprehensive employee benefits package, including medical, dental, vision and chiropractic coverage, and partially paid premiums for dependents
- Ongoing training and professional development opportunities
- 5 weeks of flexible paid time off
- We provide a 403b retirement plan
- Employer-paid Employee Assistance Plan
