Please see the following page for directions and further information on your Thesis/Project.

THESIS/PROJECT INFORMATION

Students are expected to complete their thesis/project at the end of one semester of registration. Students who do not complete thesis/project must re-register for the total units through regular university registration. Continuous registration is required. If continuous registration is not maintained, students may be required to re-apply to the university. Fees are listed in the Schedule of Courses. Faculty is not available to supervise theses/projects or for student advising in the summer.

The proposed plan and thesis/project option deadlines, selection of additional committee members, and requirements have been discussed and agreed upon. Detailed information is outlined in the Thesis/Project (Social Work 298/299) course syllabus and guidelines document available in the Social Work Department office, PHS 128.
