

DEPARTMENT OF THE AIR FORCE
 35th AFROTC CADET WING
 5305 N. Campus Drive, M/S/40
 Fresno, CA 93740-8020

18 Mar 15

OPERATIONS ORDER 11 OF 15

22 Mar – 28 Mar 15

1. Mission: Provide structured and focused training that develops Air Force leaders.
2. Execution: Below lists all mandatory Professional Military Training (PMT) and voluntary PMT for the week.
 - a. Mandatory PMT – All cadets are required to attend the following Physical Training (PT) and Leadership Laboratory (L.LAB) events:

Physical Training

Mon 23 Mar 15 UOD: PTU

Cadets	Time	Activity	Location	Objective	POC
All	0630-0635	Warm-up/Stretching	Flag Pole	22, 33	C/Suarez
All	0635-0725	Mat Room Workout	Mat Room	22, 33	C/Suarez
All	0725-0730	Cool Down/Stretching	Flag Pole	22, 33	C/Suarez

Tues 24 Mar 15 UOD: PTU

Cadets	Time	Activity	Location	Objective	POC
All	0630-0635	Warm-up/Stretching	Flag Pole	22, 33	C/Suarez
All	0635-0725	Circuit Workout	Track	22, 33	C/Suarez
All	0725-0730	Cool Down/Stretching	Flag Pole	22, 33	C/Suarez

Thurs 26 Mar 15 UOD: PTU

Cadets	Time	Activity	Location	Objective	POC
All	0630-0635	Reveille	Flag Pole	4, 22, 26, 33	C/Suarez
All	0635-0725	Campus Run	Campus	22, 33	C/Suarez
All	0725-0730	Cool Down/Stretching	Flag Pole	22, 33	C/Suarez

Fri 27 Mar 15

Cadets	Time	Activity	Location	Objective	POC
All	0630-0635	Warm-up/Stretching	Track	22, 33	TSgt McAllister
All	0635-0725	Make Up PT	Track	22, 33	TSgt McAllister
All	0725-0730	Cool Down/Stretching	Track	22, 33	TSgt McAllister

Safety Considerations: All cadets must stay hydrated and perform to best of their abilities. Remember to not over exert your body during physical training.

Inclement Weather: PT will be held in the South Gym if it is raining or below 32 degrees Fahrenheit. The South Gym has been reserved from 0630 to 0730 for PT activities on Mondays, Tuesdays and Thursdays throughout the semester.

Leadership Laboratory

Thu 26 Mar 15

UOD: Service Dress

Cadets	Time	Activity	Location	Objective	POC
All	1600-1750	Career Day	Smitcamp House	8, 19	C/Anderson

Safety Considerations: Do not lock your knees when standing in formation. This may cause you to pass out if not adhered to. Be careful with scraping your knees and elbows.

Inclement Weather Plan: If it is raining or below 32 degrees Fahrenheit we will move to South Gym until the end of LLAB at 1750 and will carry out the established LLAB activities for the day. No changes to objectives will be needed.

b. Voluntary PMT – Below are the voluntary PMT activities happening this week. You are encouraged to participate in as many of these events as possible.

 Operations Officer

JOB SAFETY ANALYSIS/OPERATIONAL RISK MANAGEMENT WORKSHEET

JOB PROCESS DESCRIPTION Week 11 - OPORD 11	NAME/GRADE/OFFICE SYMBOL Cadet Pifferini, Roc	DATE 20150317	
NAME OF SUPERVISOR Cadet Mitchell, Raymond	ANALYSIS BY Cadet Cyhaniuk, John	WORK PERFORMED	
REQUIRED PERSONNEL/TECHNICAL DATA Cadre	PROTECTIVE EQUIPMENT (PPE) Safety Bags	REVIEWED BY Cadet Myers, Joshua	
SEQUENCE OF STEPS	ACTIONS	COMMENTS	
1. Identify the Hazard: -Personal injury from activities and environment. - Dehydration/Heat Stroke	Potential Mishap or Hazard: -PT/LLAB: maintain situational awareness of both your own surroundings in addition to your wingman's - If suffering from health problems treat immediately. Notify highest ranking POC and Cadre ASAP	-Cadets that have impaired health (on medication, allergies, infections) should notify a POC. - If the issue is serious contact emergency services via 911	
2. Assess the Risk: Injury, or loss of consciousness.	Risk Assessment: Assess exposure, severity, probability -LLAB: Injuries are unlikely to happen. -PT: Minor injuries will occasionally happen, and they can be treated by cadets. Serious injuries are unlikely to occur but may still happen.	-Make sure to fill out proper documentation (Via AF Form 4391) and submit to Cadre before attempting any high risk activities - Refer to the Airman's Manual for safety info	
3. Analyze Risk Control Measures: -Cadets will be made aware of hazards they may face, and be instructed on how to avoid them.	Control Measures Identify control options, determine effects, prioritize measures -Cadets will be made aware of the importance of safety throughout the semester from safety briefings, self aid/buddy care, and safety officers in each flight.	-In an emergency: call campus police at (559) 278-8400 or 911. - Fire department (559) 498-1911. -Saint Agnes Medical (559) 449-3000.	
4. Make Control Decisions: -LLAB: Cadets should listen to respective commanding officers and obey orders. -PT: Cadets should listen to respective commanding officers and obey orders. If not in a flight cadets should have a wingman.	Control Decisions: Select controls, list decisions -Listening to commanding officers is a necessity because they often have more information, and more experience.	Implement Controls: Explain plan, establish accountability, provide support -POC, cadre, or nearest individual will seek emergency medical attention for injured cadets if care required is above current medical training Supervise/Review/Feedback -When marching in a flight, element leaders will look for encroaching hazards and call out 'safety' with their right arm raised to warn the rest of the flight. -The Wing needs accountability of the detachment at all times.	
5. Implement Risk Control(s) -LLAB: Should a emergency situation arise, cadets or cadre will immediately seek out medical attention. -PT: Should a emergency situation arise, cadets or cadre will immediately seek out medical attention.	Supervise and Review: -Cadets are responsible for looking after each other and their wingman. Be aware of dangerous and suspicious behavior, and report it to a POC.	-The Wing needs accountability of the detachment at all times.
