

# **New Fall 2018 Course Offering!**

## **BIOL 204: Biology of Speciation**

2 Units: Thursdays 5-7pm

Dr. Joshua S. Reece

### **What IS a species?**

Dr. Joshua S. Reece is offering a course on the biology of speciation and species concepts. The course will be centered on small group discussions based on primary literature. Our reading list will cover major species concepts of examples of investigations into the process of speciation. There will be no textbook and all primary literature articles will be provided to you at no cost.

Eligible undergraduates will also be permitted to take this course.
