Your Remediation and Early Start Program Status

CSU Fresno Student ID: _____

Remediation at Fresno State involves possibly taking the placement exams for Math (ELM) and English (EPT) and depending on the scores received, fulfilling certain remediation requirements during your first year at Fresno State. Visit www.fresnostate.edu/testing for more information about the EPT/ELM.

The Early Start Program (ESP) is intended to give you the opportunity to prepare for your fall remediation requirements during the summer. It is required for you to participate in this summer program if the status indicates that you must complete ESP in English, Math or both.

Please Note: Remediation and Early Start are two different requirements. Please check the status of each carefully in both the English and Math sections of this page.

English

Remediation: You do not need to take the EPT because your EAP score exempts you. You may now take GE English.

Summer Early Start Program (ESP) Status: You do not need to complete ESP English this summer because your test score exempts you.

Math

Remediation: You need to complete your Math Senior Experience. If not completed you will need to take Early Start

Summer Early Start Program (ESP) Status: You will need to complete ESP Math this summer.
