Dr. John D. Welty, President
California State University, Fresno
5241 North Maple Avenue
Fresno, California 93740

Dear John:

The Division of Academic Affairs has reviewed the proposal to implement a Bachelor of Science degree program in Environmental Science at California State University, Fresno.

This program appears on the campus Academic Master Plan, as approved by the CSU Board of Trustees, and you have provided information indicating that adequate faculty, physical facilities, and library holdings sufficient to establish and maintain this program currently exist or that such support can realistically be expected to become available.

Upon the recommendation of my staff, I am pleased to grant approval for California State University, Fresno to offer the Bachelor of Science in Environmental Science, effective Fall 2006, conditional on the existence of adequate resources. In accordance with Board of Trustees policy, performance review of this degree program should be scheduled to occur within the next five years. The program has been assigned the degree-program reporting code number 49011.

With kind regards,

Sincerely,

Charles B. Reed
Chancellor
