Notes: Students attempting this option will already have completed Calculus I (MATH 75⁰) through AP Calculus AB.
6 units of GE requirements are waived (A3 and ID) for the Integrated Credential Option.

⁰3 units of MATH 75 (or MATH 75A) also will satisfy the G.E. Foundation B4 requirement.

⁰**PHYS 4AL is required for this option in the math major.** PHYS 4A + 4AL will satisfy the G. E. Breadth B1/B3 requirement.

⁰Students in the Integrated Teaching option are required to take ANTH 105W as a GE and writing course.

¹ It is suggested to take MATH 81 before taking MATH 152.

¹ It is suggested to take MATH 152 and/or MATH 116 before taking MATH 151.

¹ It is suggested to take MATH 161, 128, and/or 165 before taking MATH 171.

² The fifth MATH elective can be any 3-4 unit mathematics course, upper division or graduate (excluding MATH 100, 133, 134, 137, 138, 139), or any combination of seminars totaling 3 units. MATH 191T (in Teaching) as Additional Requirement cannot be used for double counting of the requirements. Special conditions apply for graduate courses; see department advisor.

Advising note: Students should meet with their academic advisor every semester.
