<sup>0</sup>3 units of MATH 75 (or MATH 75A) also will satisfy the G.E. Foundation B4 requirement.

<sup>0</sup>PHYS 4AL is not required for this option in the math major. If students wish to include PHYS 4A as a General Education Breadth course, they must also take PHYS 4AL.

<sup>0</sup>Consider taking ANTH 105W (UD MI) or ANTH 116W (UD GE ID) to satisfy your upper division Writing Skills Requirements.

<sup>1</sup> It is suggested to take MATH 81 before taking MATH 152.

<sup>1</sup> It is suggested to take MATH 152 and/or MATH 116 before taking MATH 151.

<sup>1</sup> It is suggested to take MATH 161, 128, and/or 165 before taking MATH 171.

<sup>2</sup> The following table summarizes the MATH Electives of the TEACHING option.

Course Number	Course Title	Prereq	Semester
MATH 143	History of Mathematics	MATH 75	Fall only
MATH 145	Problem Solving	MATH 111; EHD 50 (concur. OK)	Fall only
MATH 149S	Capstone Math for Teachers	MATH 151; 161 and 171 (concur. OK)	Spring only
MATH 161	Principles of Geometry	MATH 111	Spring only
MATH 191T	Junior Seminar in Teaching Math	MATH 111 and at least one of MATH 101, 143, or 145	Spring only
MATH Elective*			

\*The fifth MATH elective can be any 3-4 unit mathematics course, upper division or graduate (excluding MATH 100, 133, 134, 137, 138, 139, or any combination of seminars totaling 3 units. MATH 191T as Additional Requirement cannot be used for double counting of the requirements. Special conditions apply for graduate courses; see department advisor.

**Advising note: Students should meet with their academic advisor every semester.**
