

Teaching Mathematics with Common Core Mathematical Practices 2017

For elementary, middle and high school teachers
Saturday, June 17, 2017 8:00 a.m.-3:00 p.m. and
Monday, June 19 - Friday, June 23, 2017 8:00 a.m.-3:30 p.m.

Engage in six days of intensive hands-on learning through activities and demonstration classes for elementary, middle, and high school teachers to learn strategies to implement the Common Core State Standards for Mathematics (CCSSM).

- Learn new elementary, middle and high school Mathematics content of the CCSSM through hands-on activities, observations, and discussions.
- Collaboratively prepare lessons and field test strategies that incorporate the eight standards for mathematical practices of CCSSM.
- Observe demonstration classes with highly effective teaching strategies (CGI, debate style, project based learning).
- Intensive learning experience through challenging mathematical and pedagogical tasks in an enjoyable environment.
- Change the way you think about mathematics teaching.
- Learn to use dynamic mathematical software to explore mathematical concepts.

- Take back implementation techniques of CCSSM into your own school.
- Earn California State University, Fresno professional development units*.

For additional information, to register, or to see workshop activities from previous years, please go to: www.fresnostate.edu/mathworkshop

or contact:

Bailey Hall (Administrative Assistant):

Email: mathsa@csufresno.edu

Phone: (559) 278-2992

Fax: (559) 278-2872

If you have further questions please contact:

Dr. Rajee Amarasinghe (Department Chair):

Email: ramarasi@csufresno.edu

Phone: (559) 278-2992

***Additional benefits:**

\$250 stipend and optional two **units** of PD university credit (cost: \$75/unit).

Registration fees/ School/District Support:

Registration by May 1st \$650

Registration after May 1st \$750
