STEM Majors in High Tech: An Alumni Prospective

Abstract

Join Fresno State alumni Cody Hughson (BS, Physics 2017) and Shoji Hishida (BS, Physics 2018) as they share their experience transitioning from undergraduates at CSU Fresno to graduate students at the University of Oregon (UO) and then into industry. Shoji will give details about his time in the Semiconductor Device Fabrication track at the UO and his experience at Keysight Technology. Cody Hughson will discuss the Optical Materials & Devices track and his experience at Thermo Fisher Scientific and Intel. They will be joined by Dr. Nima Dinyari, director of Optics Programs in the Knight Campus Graduate Internship Program at the UO. The presentation will be Friday December 4th at 3:00 pm via
