

Graduate Education Awareness and Recognition Week

In conjunction with *Graduate Education Awareness and Recognition Week* we're having an informational session about the physics graduate program at CSU Fresno – how to apply, how to advance to candidacy, how to begin research, how to apply for scholarships, *etc.* This is primarily intended for current and potential future graduate students, but all are welcome to attend. Physics faculty will be there to chat with you about physics grad school at CSU Fresno.

3:00-4:30 p.m., Friday, February 19th
McLane 162
