

California State University, Fresno

Lyles College of Engineering

Construction Management

Vacancy # 11732

<http://www.csufresno.edu/engineering/>

General Information:

California State University, Fresno is one of 23 campuses in the California State University System. The University's mission is to offer high quality educational opportunities to qualified students at the bachelor's and master's levels, and in certain applied disciplines at the doctoral level. The current enrollment is approximately 20,000 students with diverse and culturally rich backgrounds. The University serves the San Joaquin Valley while maintaining deep involvement with the state, nation, and world. California State University, Fresno promotes student learning and community engagement through faculty scholarship and service learning opportunities in collaboration with community organizations, education, industry, business and government. The university was one of the first US Colleges and Universities to be selected by The Carnegie Foundation for the Advancement of Teaching for its new Community Engagement Classification.

Metropolitan Fresno, with a multi-ethnic population of over 600,000, is located in the heart of the San Joaquin Valley on the western edge of the Sierra Nevada Mountain Range. The campus is within easy driving distance of San Francisco, Los Angeles, Yosemite, Kings Canyon and Sequoia National Parks, the Monterey Peninsula, Lake Tahoe, beaches, sailing, lakes, and numerous ski resorts. Fresno boasts one of the most reasonable housing markets in California and offers a wide array of locally grown fruits and produce.

Construction Management Assistant Professor - Academic Year

California State University, Fresno is a learning-centered University. We believe learning thrives when a strong and active commitment to diversity is shared by all. This is because learning can only take place in a climate where differing positions are welcome, and diversity of all kinds is valued by everyone.

- Available for Academic Year: 2012/2013.
- Fresno State has been recognized in the Community Engagement classification by The Carnegie Foundation for the Advancement of Teaching.
- Fresno State has been recognized by the Federal government as an Hispanic-Serving Institution (HSI).
- Faculty members gain a clear path to tenure through the University's Probationary Plan Process.
- Salary placement depends upon academic preparation and professional experience.
- Instructional Level: Undergraduate and Graduate
- Part of a University-wide Urban and Regional Transformation Cohort 2011

Position Characteristics: The Construction Management (ACCE-accredited) program at California State University, Fresno is seeking a creative and entrepreneurial faculty (tenure-track, assistant professor) who will contribute to the vision of the university and will have a demonstrated research interest in one or more of the following interdisciplinary areas: construction management, design-build, construction IT (information technology), sustainable building planning and design, urban and regional planning. Specific responsibilities entail teaching undergraduate and graduate courses, pursue and engage in funded research and scholarly activities, and participate in service endeavors. Additional responsibilities will include student advising, curriculum development (including outcome assessments), and collaborations with faculty colleagues and urban and regional planning cohort faculty in the University. The reference position is part of a University-wide cohort of new faculty with a broad urban and regional transformation emphasis, and as such there are unique opportunities for the successful candidate to develop and implement research, strategies, and practices that will support the urban and regional transformation of the San Joaquin Valley that can be used in numerous other areas throughout the United States. Key elements of this cohort's development will be the acquisition of major urban planning grants and partnerships with local municipalities for research and student internships. The successful candidate must have an excellent record or potential for establishing an excellent record in university level instruction. Candidates are expected to demonstrate a commitment to teaching, research, and scholarly activities, including successful grantsmanship and research publications. Our preferred candidate would have the ability to work effectively with faculty, staff, and students from diverse backgrounds. The University is committed to promoting the success of all, and to reducing the barriers to success related to differences in areas such as race, ethnicity, culture, disability, and more. Candidates who can contribute to that goal are encouraged to apply and identify their strengths and experiences in this area. For additional information on the University's commitment to diversity visit: www.csufresno.edu/diversity.

Academic Preparation:Minimum requirements include an earned doctorate (at the time of appointment) and accredited undergraduate degree in construction management, civil/construction/architectural engineering, or related fields.

Teaching Or Other Experience:Professional experience in design, construction, and/or urban development; membership and active participation in professional and/or industry organizations; demonstrated ability and experience with various design and/or construction software applications, and demonstrated ability to acquire grants and establish partnership with local municipalities. Preference will be given to candidates that have expertise in BIM (building information modeling). Our preferred candidate will have the ability to work effectively with faculty, staff, and students from diverse backgrounds. The University is committed to promoting the success of all, and to reducing the barriers to success related to differences in areas such as race, ethnicity, culture, disability, and more. Candidates who can contribute to that goal are encouraged to apply and identify their strengths and experiences in this area. For additional information on the University's commitment to diversity visit: www.csufresno.edu/diversity.

Equal Employment Opportunity:California State University, Fresno is committed to maintaining and implementing employment policies and procedures in compliance with applicable state and federal equal employment opportunity laws and regulations. Executive Order 883 prohibits discrimination and Executive Order 927 prohibits harassment on the basis of protected status: race, color, religion, national origin, ancestry, age, sex (including gender identity, per HR 2004-12), sexual orientation, marital status, pregnancy, mental disability, physical disability, medical condition and covered veteran status. Retaliation against individuals for complaining about proscribed conduct, opposing such conduct, or participating in an investigation or proceeding involving such conduct is prohibited by both executive orders. Further, California State University, Fresno's statement of commitment to equal employment opportunity principles is also found in the various collective bargaining agreements.

Application Instructions:Qualified applicants should submit an electronic application (<http://jobs.csufresno.edu>) including a letter of interest, curriculum vitae, and a list of references. In addition, finalists will submit the three letters of recommendation and official transcripts. For full consideration, applications shall be submitted before 09 December 2011.

Open Until Filled:To ensure the full consideration, applicants should submit all application materials by 12/9/2011. Searches automatically close on 4/1/2012 if not filled.

The Immigration Reform and Control Act of 1986 requires the University to inform you that we can employ only U.S. citizens and aliens lawfully authorized to work in the U.S. Each new employee is required to present documentation verifying his/her identity and authorization to accept employment.
