

Student Internship Agreement

Return this form to:
Department of Construction Management
Lyles College of Engineering
2320 East San Ramon Ave., M/S EE94
Fresno, California 93740
Or e-mail to: bhyatt@csufresno.edu

The Construction Management Internship program is one of the most important requirements within the degree program. It is built upon the understanding that for-credit internships greatly enhance the educational experience of the student and significantly impact the readiness of the student upon graduation.

It is expected that you will complete approximately 400 hours of work for this internship. It is also expected that a majority of the work will be related to construction management. If you have any questions, please contact the CM Internship Coordinator.

The for-credit internship course (CM 193) will utilize a specifications-style grading system as follows:

Requirement	“C” Grade	“B” Grade	“A” Grade
1	Weekly Summaries	All “C” Deliverables passed	All “B” Deliverables passed
2	Project Delivery Summary	Project Delivery Video	Internship Reflection Video

AGREEMENT:

The student agrees to work for the hiring firm above for the time as specified in the [Employer Internship Data Form](#). If the internship is terminated for any reason, I will notify the Department of Construction Management within ten (10) working days. The intern will confer with the department’s internship coordinator at least once during the internship (as scheduled with the department). The student will complete all assignments as listed above in order to earn the required grade.

Student Name _____ Employer Name _____

Student Signature _____ Date _____

You will be provided permission to enroll in CM 193 and a link to the course website when:

- The [Employer Internship Data Form](#) is **received from the employer**
- The Student Internship Agreement (this form) is signed and returned to the CM Department Office
