

Career Opportunity

DEAN OF THE COLLEGE OF ENGINEERING (Administrator IV)

(Full-time, 12-month)

Vacancy # 5784

Salary: Commensurate with experience and qualifications

Note: This is a full-time management position covered by the CSU Management Plan. Under this plan, employees are subject to normal management reviews and serve at the pleasure of the University President.

Compensation:

The salary is competitive and is negotiable depending on the strength of qualifications. This is a management personnel plan position with an attractive benefits package, which includes a vacation accrual rate of 16 hours per month, an excellent choice of medical, dental and vision insurance, long term disability coverage, life insurance and retirement benefits.

General Assignment:

The Dean of the College of Engineering is a member of the Council of Deans and reports to the Provost and Vice President for Academic Affairs. The Dean is responsible for the quality and effectiveness of the academic programs within the College, as well as decisions related to faculty recruitment and retention, development and fundraising, resource and facility allocations. By articulating a clear vision, the Dean will lead the process of charting the future direction of the College. The Dean will work towards establishing and/or strengthening synergistic relationships within the college as well as with other programs on campus, industry and community partners in order to advance the interests and goals of the College and to advance the Academic Plan and the University's Plan for Excellence (see http://www.csufresno.edu/President/mission_vision/strategicplan.shtml). Responsibilities also include strengthening the existing ABET and ACCE accredited academic programs and the planning and development of high-quality baccalaureate and post baccalaureate programs designed to meet the needs of students and the community. The Dean is the spokesperson for engineering on campus and in the region, and will be expected to work cooperatively with University Advancement on the university's Comprehensive Campaign. The Dean will be expected to work effectively with colleagues from the other schools/colleges, research institutes and centers, as well as the Provost's management team, department chairs, faculty, staff, and members of advisory councils. For more information about the College of Engineering, please visit www.csufresno.edu/engineering.

Qualifications:

- An earned doctorate (Ph.D. or equivalent research doctorate) in engineering from an accredited institution
- An outstanding record of teaching, scholarship, and service commensurate with appointment as professor with tenure in an area of specialization offered by the College or traditionally offered by colleges of engineering
- A record of academic administrative leadership and experience at the department level or above, including management of fiscal and personnel resources, academic program evaluation and review, strategic planning, and programs for student advisement, recruitment, and retention
- Commitment to faculty governance, consultative processes and consensus building
- Experience in working within an ethnically, culturally and linguistically diverse campus and community and a demonstrated sensitivity to the needs of migrant and immigrant student populations
- Experience in fundraising and/or grant development
- Understanding of the proper uses and value of instructional technology as well as distance learning based instruction.

Filing Deadline:

The search committee will begin reviewing letters of nomination and applications **on January 12, 2007** and will accept applications until the position is filled. Pursuant to the requirements of the Immigration Reform and Control Act of 1986, any offer of employment will be contingent upon verification of individual's eligibility for employment in the United States. Applicants should submit:

- A letter of interest
- Curriculum Vitae
- Copies of recent scholarly publications
- Names, titles, addresses, phone/fax numbers and email addresses of five (5) professional references
- Management Application Form and Applicant Flow Form. Please download from the web

Email or mail application or nomination to:

Dr. Ram Nunna, Chair
Search Committee for the Dean of the College of Engineering
California State University, Fresno
c/o Randy Aoki, Office of the Provost
5241 N. Maple Ave. M/S TA 54
Fresno, CA 93740-8027
randyao@csufresno.edu

EXPECTED START DATE: July 1, 2007

Note:

Necessary background investigations will be completed depending on the requirements of the position. Those could include, but are not limited to, processing of fingerprints through the Department of Justice and degree and license verification. A conditional offer may be made based on the results of these verifications.

General Information: (or website: <http://www.csufresno.edu/>)

California State University, Fresno is one of the 23 campuses of the California State University System. The University's mission is to offer high quality educational opportunities to qualified students at the bachelor's and master's levels, as well as in joint doctoral programs in selected areas. The University serves the San Joaquin Valley while interacting with the state, nation, and world. Through transformational applied research, technical assistance, training and other related public service activities, the University builds partnerships and linkages with business, education industry, and government. The University competes athletically in Division I-A and is a member of the Western Athletic Conference.

The current enrollment is approximately 22,150 students from diverse backgrounds, which creates a culturally rich environment. The campus, which has been designated as an arboretum, is spread over 1400 acres. Metropolitan Fresno, with a multi-ethnic population of over 600,000, is located in the heart of the San Joaquin Valley on the western edge of the Sierra Nevada Mountain Range. The campus is within easy driving distance of San Francisco, Los Angeles, Yosemite, Kings Canyon and Sequoia National Parks, the Monterey Peninsula, Lake Tahoe, beaches, sailing, lakes, and numerous ski resorts. Fresno boasts one of the most reasonable housing markets in California and offers a wide array of locally grown fruits and produce.

California State University, Fresno is committed to Equal Employment Opportunity. Applicants will be considered without regard to gender, race, age (over 40), color, religion, national origin, sexual orientation, marital status or disability or covered veterans status. The University actively seeks and encourages applications from members of all segments of society. The California State University is committed to providing equal opportunities to men and women CSU students in all campus programs, including intercollegiate athletics.

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, crime report statistics are available at <http://www.csufresno.edu/police/report.htm>

Call the Fresno State Jobline (559) 278-2360 or go to <http://www.csufresno.edu/humres/> to receive a current listing of all available state staff employment opportunities.
