AUGUST 5, 2014 PROGRAM DETAILS

Grape Day is a half-day informal field day and workshop for the grape and wine industry. Held on the Fresno State campus, the event is designed to bring home practical information to growers and vintners with a focus on improving grape and wine quality in the Central Valley.

At 7:00 am, attendees will gather at the Department of Viticulture and Enology at 2360 E. Barstow Avenue, between Cedar and Maple Avenues on the Fresno State campus. After tours of research labs, the winery, the V.E. Petrucci Library, and presentations in the vineyard, the program will transition to the Satellite Student Union (SSU) - a short walk on campus—where organizers have planned a special keynote address, several oral and poster presentations on current topics of interest, and lunch sponsored by the American Vineyard magazine.

Sponsors may elect to have a table display in the SSU during the program. Please complete the registration form and submit to Cynthia Wood at cynthiaw@csufresno.edu by July 30.

Visit our department website and click on the [Grape Day link](#) for full program details.
