

## 2015 Harvest Internship

Continuum Estate is a small luxury winery located in St. Helena, California. We are dedicated to making a single wine of the highest quality level, showcasing our estate vineyard on Pritchard Hill. For more information please visit our website: [www.continuumestate.com](http://www.continuumestate.com)

As an essential part of a small team, our interns will be involved in all processes from vineyard sampling and harvest preparation through pressing and barreling down. Responsibilities will include: monitoring fruit maturity, cellar sanitation, fruit sorting and processing, monitoring fermentations, additions, Rack & Returns, pressing, and barrel work. This will be a very hands-on position and a great opportunity for individuals looking to work closely with a small winemaking team and build a career in high quality winemaking.

Our ideal candidate will be hard working, dependable, and highly motivated with a strong desire to learn and an excellent eye for detail. Ability to work safely and contribute to a positive work environment is a must. Previous experience at a quality-focused winery and reliable transportation are required. Applicants should be prepared to perform physically demanding tasks and work long hours. Forklift experience is a plus.

To apply, please email letter of intent, resume, and at least 2 references from direct supervisors/managers to:
